Government must allow local communities to manage their own budgets. Otherwise, elite-funded ideologies and their corporate programming takeover the local communities.

Example: Open Borders for global populace manipulation, particularly sacrificing women and children (SEX TRAFFICKING) while trying to maintain air of righteousness for control of massive spending projects. 2 minute video at <https://x.com/JakeLangJ6/status/1848380778960605375>

The Equestrian community was not included in the final design of the Bonsall Community Park. Equestrians are a big reason why multi use trails was #1 on the survey, but we were not considered at all in the park design. Soccer players and other users didn't have to ask specifically for parking. So wouldn't you also assume that equestrians wouldn't have to either?

This is directed to Nora and Terra for their critical god-like judgment to deem a public speaker is off topic. People are speaking according to their personal interpretation of the muck presented in the documents. You have no idea how each person is understanding the document. You owe each person the time to express themselves. You serve the people, you owe the people respect when they stand up to redress their government and freely speak their opinion as is their God-given right.

Please put a hold on awarding bids for construction on Bonsall Community Park the bid will close Nov. 4. The Equestrians have been discriminated against in the plan & public outreach for the BPC. BCP provides parking for all user groups except Equestrians. Parking is essential to trail access. Put BCP on hold until a solution can be found, we are asking for your help. We emailed, we met with DPR, we need your help or we will be excluded from the trails we rode and maintained for decades.

I would like to urge each County Supervisor to visit the Whiskey 8 Open Air Detention site to see the inhumane conditions with which asylum seekers are "greeted" into our country. Jim Desmond is the only one who has had the courtesy to see this appalling site. I would also appreciate you lauding those volunteer organizations who provide care, food and water to these individuals including Universidad Popular here in San Marcos.
