PROVISIONS OF THE COUNTY REGULATORY CODE ASSIGNED TO THE

EXEMPTION (11/4/25 -FIRST READING; 11/18/2025 - SECOND READING,

(DISTRICTS: ALL)**

OVERVIEW

On November 4, 2025 (18), the Board of Supervisors took action to further consider and adopt the Ordinances on November 18, 2025.

In accordance with Board of Supervisors (Board) Policy A-76, Sunset Review Process, the Land Use and Environment Group (LUEG) regularly reviews Board Policies and provisions of the County of San Diego (County) County Regulatory Code to ensure they reflect current Board standards and practices, that obsolete policies and Code provisions are removed, and that policy language is revised for clarity. Amendments that are proposed in this action do not impact operations or the original intent of the codes or policies.

The year's review included one Administrative Code, three Regulatory Codes and nine Board policies. Of these items, four did not have changes:

- a) Article XL: San Diego County Palomar Airport Advisory Committee
- b) Title 1: General Regulations Division 8: Administrative Civil Penalty
- c) I-49: Distribution of Notification of Land Use Hearings
- d) J-2: Relocation of Utility Facilities, Improvement of County Streets and Roads.

The remaining nine request approval of administrative updates, grammatical edits and ensuring alignment with current Board direction. The changes do not impact the original intent of the policy or have operational impacts:

- a) Title 1: General Regulations, Division 6 Appeals and Nuisance Abatement
- b) Title 6: Health and Sanitation
- c) Title 9: Construction Codes and Fire Code
- d) F-40: Procuring Architectural, Engineering, and Related Professional Services
- e) F-48: Review of Fire District Ordinances which Contain Requirements that Exceed those of the State Fire Marshall
- f) F-52: Naming of County Park and Recreation Amenities
- g) I-19: Subdivision of Land
- h) I-21: Minor Modifications and Time Extensions on Subdivision Agreements
- i) I-74: Enforcement of Permitted and Non-Permitted Grading on Private Property
- j) I-84: Project Facility Availability and Commitment for Public Sewer, Water, School and Fire Services

Today's proposed actions include Board approval of amendments and sunset date extensions to December 31, 2032. If on November 4, 2025, the Board approves the Board Policy updates and first reading of the ordinances related to the reviewed codes, then on November 18, 2025, the Board will be asked to consider and adopt the ordinances to implement the amendments and sunset date extension.

County departments are guided by several Regulatory Codes, Administrative Codes, and Board Policies in order to serve the region and customers consistently and equitably. The review of County codes and policies ensures that departments keep documents up to date, provide clarifying language and continue to guide departmental practices. Additionally, this practice allows the language within these codes and policies to align with current efforts and be revised for inclusivity.

Today's recommendations will contribute to providing equitable, inclusive, and consistent service to the community and customers. The revisions proposed in this Board Letter enable the County of San Diego to provide residents the opportunity to review the updates that are made for consistency, clarity, and accuracy.
