Last minute, no attachments. But this does make a lot of sense.

Recommendation 2, a few more suggestions: 1. Find doctors or other medical people who would be willing to work at a reduced rate or accept vouchers for future payment; 2: make sure that illegal immigrants are covered under the laws of their country of origin, not ours (except for emergency treatment.); 3. Use of less expensive natural treatments which might take the place of 'big pharma' treatments. I would note they generally are less expensive, have fewer side effects although they may take longer; 4. explore avenues of co-operation with SSA (and employers) such as increased flexibility on work-from-home and other work requirements for affected persons.

Recommendation c to eliminate lien (return of funds) requirements should be made over an increased period but the County should not just hand out our hard-earned taxpayer dollars.

And any renaming or rebranding needs to incorporate the old name to avoid confusion.
