Please support this bill to give our law enforcement officers the support they need to curtail human trafficking. This has become a huge issue in the entire United States and especially in this area so close to the Mexican border.

After the severe flood in Southeast San Diego a couple of years ago, A friend & I went to see if we could be of help to those with houses under water during the flood. Driving through this neighborhood, we came upon a shocking sight: A young woman or teenager, with long blond hair standing in the middle of a street, by herself, completely naked from the waist down, with some kind of negligee attire from the waist up. My friend insisted I keep driving. Later, I felt terrible later I did not swoop her up in my car. I called the police and they said this kind of thing happens all the time in this area. Again, shocked! why was there nothing being done to stop this? A few years prior, I had a young woman student in my adult ed class, tell our class that prostitution was a good way to earn money for college. WHAT?! After learning more about Human Trafficking and how widespread it is in San Diego, I believe there was a recruiter in the class. Thank you for initiative to stop this!

SB 357 by Scott the Wienerdog effectively bars police from investigating persons loitering with the intent to engage in prostitution-type activities. An unfortunate result is that, as the Board letter says, this has significantly limited early intervention opportunities and allowed trafficking networks to operate more freely in public spaces, often without fear of consequence.

Statewide, local law enforcement has reported a rise in visible street prostitution, open exploitation, and human trafficking in the wake of the implementation of SB 357. Without this enforcement mechanism, law enforcement

officers cannot intervene unless a more serious criminal offense has already taken place. San Diego is particularly at risk because of its proximity to Mexico. So yes, SB 357 needs to be repealed. It would help if you could shake up a few agencies in this County we know contribute to trafficking kids, like Child Welfare and Protective Services. Get the baddies out.
