Between 2022 and early 2026, the U.S. experienced a cumulative inflation rate of approximately 12.83%. For some reason, the Sheriff's fees were last updated in 2022. Thank you for not increasing them, but the unintended consequence is a large increase today.

Table D shows fee increases from -100% to 664%. But only 7 out of 29 fees are less than 12%. The actual fees range from \$50 for a bingo license to \$1,377 for an explosives permit. This is outrageous.

Some off these fees need to be reduced, like a Permanent Amusement Rides and Go Kart Centers Permit for \$1,094. Not sure how these were calculated either. The attachments don't say.

But the other fee increases and deletions look OK.

The Table D fee schedule needs to be reworked and an explanation for fee increases over 13% attached.
