

## STAKEHOLDER MEETINGS

The Department of Environmental Health and Quality (DEHQ) continues to value its partnership and collaboration with customers and stakeholders. To encourage participation, engagement, and feedback on DEHQ programs and the proposed cost recovery proposal, DEHQ posted notices of when virtual stakeholder meetings would be held on the DEHQ website and sent emails and GovDelivery messages directly to over 32,000 specific stakeholders or groups. Affected permit holders and members of the public were also invited to review the cost recovery proposal on DEHQ website and designated DEHQ staff email and telephone contact information was made available during public meetings, posted on the website, and included in email notifications for businesses or members of the public to submit comments, feedback, or ask questions.
