I OPPOSE any newly built housing developments. Here are some reasons: 1. Persons have lost homes due to

lost jobs, and/or no longer receive unemployment or cant find a suitable job. Instead help them stay in their current home; 2. We have a water shortage. How can you possibly put up more buildings and expect those of use who are being subjected to higher water rates or live with less water.

I strongly support this proposal and appreciate San Diego being so forward-thinking.
