Please allot some money for
the Epicenter in Mira Mesa.
As a parent of a MMHS
student, and a resident of
Mira Mesa I see students
roaming the streets with
nothing to do and wasting
their time. It would
Be great to have a place to
keep them safe and
occupied with fun and
enriching programs like art,
athletics, games and
socializing. I urge you to
consider funding this
project for the now closed
epicenter youth center.
Thank you for your
consideration.

I fully support allocating
capital for improvements in
Escondido parks. By
updating park structures

Escondido is an ethnically
and culturally diverse
community that has a
history of supporting our
youth. Demand has
skyrocketed to provide
outdoor opportunities for
our residents and the
residents of Escondido
would benefit tremendously
to update decaying play

The Epicenter is an essential space in our town. I was raised in Mira Mesa in the mid 80's where many of the youth were from military families or children of migrant families, San Diego still remains to be one of the most diverse cities in the world. As a student, I had no space to exercise and explore my first generation Filipino-American identity. I was the first to go to college, to get my. MFA, to ever work a job that addresses the social and emotional needs of youth. (1 of 6)

I grew up in San Diego and
the Epicentre was such an
important place for me. It
was a good safe venue I

closing was a great loss and
Mira Mesa and San Diego as

The Epicentre was a pivotal point of influence in the lives of so many. It gave opportunities for youth to learn leadership, community organizing, enterprise, and technology. The youth involved in the Epicentre have grown and lead into many different paths, but the underlying theme to all of our endeavors is Community. The Community we grew up in, the Community we built, and the Community we continue to advocate to grow. Continuation of a youth program is our to dedication to their future.

I whole heartedly support
the efforts of the County to
fund much needed
playground and athletic
facility infrastructure
projects. These funds will go
a long way in supporting the
youth of Escondido by
providing new/updated
playgrounds and shade
which is desperately
needed, especially during
the summer months when
temperatures rise above
100 degrees and the
playgrounds become
unusable. Furthermore, the
new fencing will provide a
safe and secure playing
space on various athletic
fields.

Remer's
recommendations for item
19. These critical projects
spanning the diverse
neighborhoods and needs
of D3 will do so much good
for our youth, those in need
of recuperative beds, our
environment, and everyone
who takes full advantage of
our wonderful county
libraries.

Thank you so much for your
time and your votes.

Stefanie Kairs stefanie.ness@gmail.com Please vote in support of this measure to return one of our community's unique youth resources to working order. The Epicenter in Mira Mesa offered teens a place to explore their creativity and their community. Along with the senior center, library, community park, and MMHS, it is part of our community's center and it has been sad to see it in disrepair for so long. As a resident of County
District 4 in central San
Diego, I wish to express
strong support of Item #19,
to allocate funds for the
redevelopment of the
Epicentre in Mira Mesa.
Today's youth are missing
venues where they can
congregate for social and
cultural enrichment. The
Epicentre filled a big void in
an area that is often sorely
overlooked -- the north part
of the City of San Diego.
Mira Mesa is the hub for
that larger area which
includes Poway and as
places as far away as
Escondido.

Michael Norman	michaelfnorman456@gmail.com	I must admit I'm surprised to hear that the reason it's been closed for five years is because the city has been unable to find a new vendor and operator for the facility. Are we sure it's "unable" and not "unwilling"? This building and its convenient location should be a slam dunk for an investor. Mira Mesa Lanes was all but closed until an investor (from Orange County, no less) thought it was worth saving. The same can absolutely be true about the Epicenter.	Support	5/17/2021 16:09

the largest community in

yet it does not have any
facilities to promote music

This building has been an

well. Please join me in

San Diego County Board of
Supervisors,

Libraries, Community
Centers, Senior Centers,
Youth Centers and the like
are all needed for a
vibrantly modern county
like San Diego.

That is why I am writing to
ask the Honorable San
Diego Board of Supervisors
to vote in support of
restoring the Epicentre in
Mira Mesa as a youth
activity center.

Please vote YES on Item 19
to provide funds for the
County to restore and
operate the Epicentre teen
and community center in
Mira Mesa. It was an active
hub of the community from
1999 to 2016, but the
building has been derelict
since then. It is in an ideal
location on the edge of
Mira Mesa Community
Park, across the street from
Mira Mesa High School and
across a parking lot from
the Mira Mesa Senior
Center. If the County brings
about the rebirth of the
Epicentre, everyone will
benefit!

community in which it is
located. There are a
Chinese New Year, & a
Diwali celebration and
others which draw a large
number of people that the
parking lot has to be used.
They also many activities for
children including a chess
club so large that they have
to rotate in the small
community room and has
won many awards in

As the Founding President
of the Friends of the 4S
Ranch Library, I can tell you
that I have personally
witnessed the growth of
this Library. Our library is
very busy and the library
has outgrown its small
space. Our parking lot does
not accommodate the
number of visitors. We now
have an opportunity to
expand and your vote to
approve this expansion
would be so appreciated.
Thank you.

Iâ€™ve been a resident of the 4S Ranch community for almost 20 years. Our library, with its wonderful and dedicated staff, has always made one and all from our diverse community feel welcome, and celebrated all of the rich cultures that we represent. We need our library to grow with our community that has grown in leaps and bounds, so that it can continue to welcome all who wish to participate in the outstanding programs. Our community needs this to support our youth in Mira Mesa. This is near the high school and has supported the young people in the past. Once this is in usable condition it will be able to help foster our youth members with many programs and resources to help them cope with their future pursuits and direction. This has long been a need in our community and is desperately needed. Thank you for your support. Joe....

current facility had already
been limited considering
the size of the community
actively making use of it,
and the growth of the
community has made
accommodating events
difficult, and it will only
more difficult as the
community continues to
grow. This branch currently
has the highest circulation
per square foot of any
county library. Please fund

Please support item #19 to provide funding for the Mira Mesa Epicentre Youth and Community Center. This building was originally the old Mira Mesa Library, and was converted to a teen center called the "Epicentre" that operated until 2016. Since then it has been vacant. It is located in an ideal location in the center of the community and across the street from Mira Mesa High School. We must invest in our
public spaces that support
our communities like Kit
Carson Park and the 4s
Library. In many cases our
public spaces are highly
trafficked which is
wonderful but mean they
need maintenance and
expansion to continue to be
of use to the community.
Let's prioritize the safe use
of public space and equip
the parks and libraries with
the tools and space needed
to do their jobs well. Support

I support 4sranch library
expansion. This expansion is
long overdue. There's a lot
of children in the
neighborhood and library is
really small compare to the
population it's serves. The
events we went, there
always were a lot of people
that it had to be held
outside,at the parking lot or
get so crowded inside that
every inches of the room
someone is standing or
sitting. Our community
needs much bigger library.
Please, vote for the
expansion of the 4sranch
library!

I strongly support this
action and, as an Escondido
resident, would like to put
in my special support for
the Escondido projects.
These items will also blend
with and support our
recently adopted Escondido
Climate Action and
Adaptation Plan. Our
community has a deficit of
parks and places to play.
Shaded areas will help more
youth and families access
our existing parks. Smart
irrigation will help maximize
the management of our
green spaces and reduce
GHG from water use.

The 4S Ranch library is a
little gem, but has so many
areas where it can be
improved.
Almost all of the time the
books are coming from
another library and at the
moment that can add a
huge delay into getting
resources.
This area needs more. Vote
YES.

Our Mother Daughter Book
Club usually meets in the
only Community Room.
More than once there was a
double booking with
another group. This forced
our group to move to the
Teen Area. We didn't mind
because we are flexible but
there were kids studying
and reading in that area and
they had to move. There
should be enough space for
everyone to use the library.
I support the expansion.

I support the following:

1. Los Peñasquitos Ranch Preserve: the creation of trail bridges would allow for greater equity and accessibility for all County residents to utilize the trails and creek crossings.
2. Recuperative Care/Medical Respite Bed Facility: for redevelopment into 54 post-hospitalization recuperative care beds there is a critical shortfall in beds.
3. Camino Del Mar Bridge Replacement.
4. Play Structure replacement at multiple Park Locations in Escondido.

The proposed expansion is both critical and necessary. 4S Ranch has some of the highest circulation numbers in the county but it is one of the smallest branches. It is one of the busiest and most active branches because of its special programming. Parking is often a challenge because the parking lot is so small and this programming is so well-attended. The library staff is creative with the available space but more room and more resources would enable the staff to serve even more people.
