This board does not seem to have met the county’s vision of a just, sustainable, and resilient future for all”, and healthy, safe and thriving communities, In 2025, 50 new lawsuits were filed by adults alleging sexual abuse while children at a county facility. In addition to the 100+.

Of course, innocent until proven guilty.
Seating one member of the Board of Supervisors as Chair, could FIGURATIVELY appear as releasing the fox into the hen house.
Perhaps a non-supervisor be in the chair position.

If you wish to BROADEN REPRESENTATION where are community members = such as children and families. Including those who experienced any juvenile facility for any reason?

It seems that certain Supervisors were so eager to have this enacted that they included it in the consent calendar as if it were a routine matter. The first reading of an ordinance is not a routine matter and should not be in consent lumped in with 24 other items where you have to pick what bad items to address in your 2 minutes, and this might not get chosen to speak on. This reeks of self interest and burying this from the public.

With the County’s horrible record on Child and Family matters, You don’t need to be on the Advisory Board. Keep partisan politics out of it. Also, the appointees should be appointed by a few child welfare providers, not by you partisan politicians. And keep the Polinsky Center rep. off the Board, unless it’s a child victim of it.

There need to be more children and families on the Advisory Board - it would be nice to add them, not politicians who might use undue influence to get their way.
