A 16% increase is ridiculous, probably unnecessary, and inflationary.

Apparently, you are spending more than \$50 million on health, dental, and life insurance for IHSS caregivers (I estimate 14,770 of them) about \$3K per person. I imagine that we can find ways to save. Some of them surely have insurance already, and I don't see this as a highly risky business needing full coverage of huge premiums.

This budget was also introduced in various committees with limited to no public engagement. So IHSS should be prepared to reduce this ridiculous 16% budget increase.
