RE: Agreement for Behavioral Health Services Between the County of San Diego and the City of San Diego

Dear Ms. Privara Brahms,
Thank you for writing with the County's proposal to reallocate unspent City-County Settlement Funds under the Agreement for Behavioral Health Services (BHS) to the Behavioral Health Wellness Campus project (Project).

On behalf of the City of San Diego, I concur that the Project is consistent with both the intent and allowable uses outlined in the Agreement. The Project clearly aligns with the Agreement's definition of a capital project, as it involves the development of facilities, acquisition of necessary equipment, and provision of a comprehensive continuum of behavioral health services within the City of San Diego.

Co-locating behavioral health crisis stabilization, residential treatment, rehabilitation, and outpatient services represents a thoughtful and efficient approach to addressing gaps in our current behavioral health system. By

expanding capacity, improving care transitions, and enhancing access to integrated services, the Project will play a critical role in reducing unnecessary hospitalizations and supporting long-term recovery outcomes for residents.

The Behavioral Health Wellness Campus Project demonstrates a meaningful investment in San Diego's behavioral health system. Accordingly, the City hereby provides its written consent for the County to reallocate \$14.35 million in Settlement Funds toward the Behavioral Health Wellness Campus project. Please contact Keith Corry, Senior Government Affairs Advisor at kcorry@sandiego.gov if further coordination or documentation is needed as the Project advances.

Sincerely,
