SUBJECT

AN ORDINANCE AMENDING PROVISIONS IN THE SAN DIEGO COUNTY ADMINISTRATIVE CODE RELATING TO THE PUBLIC ADMINISTRATOR, PUBLIC GUARDIAN, AND PUBLIC CONSERVATOR (DISTRICTS: ALL)

OVERVIEW

The Public Conservator is responsible for directing the mental health treatment and placement of individuals deemed to be gravely disabled, or unable to care for their own basic needs. In San Diego County, the Public Conservator provides conservatorship services to all conservatees who are gravely disabled and for whom the Public Conservator has been appointed conservator of the person by court order pursuant to the Lanterman-Petris-Short Act (Welfare and Institutions Code section 5000, et seq.).

Currently within the County of San Diego, the Office of the Public Conservator is consolidated with the Office of the Public Administrator and Public Guardian. To increase operational efficiencies and enhance services to residents served by the Office of the Public Conservator, today's actions request the San Diego County Board of Supervisors (Board) approve amendments to the San Diego County Administrative Code related to the Public Administrator, Public Guardian, and the Public Conservator.

The proposed Ordinance represents a measured strategy to optimize collaborative and centralized coordination of services to ensure conservatees have access to all necessary treatment, resources, and community support to facilitate recovery. Currently, the Office of the Public Administrator and Public Guardian and the Office of the Public Conservator is situated within the County of San Diego Health and Human Services Agency (HHSA), Aging & Independence Services. Aligning the Office of the Public Conservator with HHSA, Behavioral Health Services will allow for more seamless delivery of services. As seen in other jurisdictions, oversight of the Office of the Public Conservator will shift to Behavioral Health Services to align clinical oversight and management of services in support of adults with serious mental illness. This movement follows a series of court-related mental health actions implemented over the years, and will allow Behavioral Health Services to be optimally situated in anticipation of the mandated implementation of Community Assistance, Recovery and Empowerment (CARE) Court, which will require close collaboration across care teams.

SUBJECT: AN ORDINANCE AMENDING PROVISIONS IN THE SAN DIEGO COUNTY ADMINISTRATIVE CODE RELATING TO THE PUBLIC ADMINISTRATOR, PUBLIC GUARDIAN, AND PUBLIC CONSERVATOR (DISTRICTS: ALL)

Today's request requires two steps: on September 27, 2022, it is recommended the Board consider an Ordinance amending sections of the San Diego County Administrative Code related to the Public Administrator, Public Guardian, and Public Conservator. If the Board takes the actions as recommended, then on October 11, 2022, the proposed Ordinance will be brought back to the Board for consideration and adoption.

This item supports the County of San Diego's vision of a just, sustainable, and resilient future for all, specifically those communities and populations in San Diego County that have been historically left behind, as well as our ongoing commitment to the regional *Live Well San Diego* vision of healthy, safe, and thriving communities. This will be accomplished by supporting the administration of the Public Conservator's Office, which supports vital services in support of adults with serious mental illness.

BACKGROUND

The Public Conservator is responsible for directing the mental health treatment and placement of individuals deemed to be gravely disabled, or unable to care for their own basic needs. In San Diego County, the Public Conservator provides conservatorship services to all conservatees who are gravely disabled and for whom the Public Conservator has been appointed conservator of the person by court order pursuant to the Lanterman-Petris-Short Act (Welfare and Institutions Code section 5000, et seq.).

Currently within the County of San Diego, the Office of the Public Conservator is consolidated with the Office of the Public Administrator and Public Guardian. To increase operational efficiencies and enhance services to residents served by the Office of the Public Conservator, today's actions request the San Diego County Board of Supervisors (Board) approve amendments to the San Diego County Administrative Code to align the Office of Public Conservator within Behavioral Health Services.

The Office of the Public Administrator and Public Guardian and the Office of the Public Conservator is currently one consolidated office situated within the County of San Diego Health

and Human Services Agency, Aging & Independence Services. Distinguishing the Offices of the Public Administrator and Public Guardian and the Office of the Public Conservator will allow for increased alignment in services. As seen in many other jurisdictions, oversight of the Office of the Public Conservator will shift to the Health and Human Services Agency, Behavioral Health Services to align clinical oversight and management of services in support of adults with serious mental illness. Through a longstanding partnership, Behavioral Health Services and the Office of the Public Conservator have worked together to support the needs of individuals with behavioral health conditions who have been placed on temporary and permanent conservatorship. This shift will optimize coordination of care, housing, and community supports; and enhance collaboration by aligning resources, services, and policies to ensure conservatees have access to all necessary treatment, resources, and community support to facilitate recovery. This movement follows a series of court-related mental health actions implemented over the years, such as the adoption of Laura's Law which allowed for the implementation of assisted outpatient treatment services, or treatment mandated by court-order. This shift will also allow Behavioral Health Services to be optimally situated in anticipation of the mandated implementation of Community Assistance, Recovery and Empowerment (CARE) Court, which is projected to result in growth in the number of individuals needing long term care and will require close collaboration across care teams.

Today's request requires two steps: on September 27, 2022, it is recommended the Board consider an Ordinance amending provisions in the San Diego County Administrative Code related to the Public Administrator, Public Guardian, and Public Conservator. If the Board takes the actions as recommended, then on October 11, 2022, the proposed Ordinance will be brought back to the Board for consideration and adoption.
