---

Hello,

I'd like to submit the following comment to Item 5 on the 12/11/24 agenda.

My name is Sheena Tran and I am the Associate Director of Programs at San Diego Community Power. I led the collaborative application for the San Diego Regional Energy Network in partnership with County staff and will oversee program implementation moving forward. This initiative is a major victory for the San Deigo region as we pursue climate goals toward more energy efficient homes and businesses, especially in rural areas and communities of concern. With this funding awarded by the CPUC, we are working closely with the County's sustainability team to develop and deliver programs that will reduce GHG emissions and provide pathways to clean energy jobs through workforce development. These are critical efforts to help address affordability concerns and directly advance a more equitable clean energy transition. We respectfully encourage you to approve the MOU presented and support the Regional Energy Network programs that will help us reach our shared zero-carbon emissions goals.

Thank you,

**Sheena K. Tran**

**Associate Director of Programs**
