Large commercial planes threaten our senior living community directly below landing with noise and air pollution. No.

Medical cannabis patients need greater access to licensed retailers in the County, as the limited number of licenses is insufficient to meet the needs of medical cannabis patients and consumers. California cannabis consumers overwhelmingly prefer to shop from the legal market but are limited by zoning constraints and license caps, resulting in a climate where unlicensed operators can flourish and outcompete licensed ones. This is a matter of public health, equity, and revenue potential.

Don't allow the larger aircraft to use Palomar Airport. It is unsafe, noisy, and affects the wellbeing of the surrounding neighborhoods, schools, busy transportation routes, and businesses.

__A public speaker is guaranteed the right to the redress of grievances, with the complaint fairly considered. An individual decides to speak according to their personal understanding of the legal jargon of these items. As well their ability and comfort level. Supervisors are not the judge of a person's interpretation therefore a speaker cannot be off topic. At least 2 minutes is a must for an individual to make their point and to be fairly considered. Anything less is an insult.

UNAUTHORIZED boxable apartments being constructed at 3300 block of Rancho Del Oro Road, north of Vista Village Drive, on East side in Oceanside, California. I am owner of these properties. I am Vincent Paul Tolliver, owner of A1 Properties, and being Paul Tolliver Trust and Vincent Paul. I do not want this building here. I have not authorized such building to be built. I have not been paid anything. I am asking County of San Diego to pay Vincent Paul Tolliver \$5,217,000 for these properties.
