On behalf of San Diego Hunger Coalition, I want to thank Vice Chair Vargas and Chair Fletcher for introducing this board letter and establishing an ad-hoc committee to address both short-term and long-term solutions for migrants entering San Diego County. We believe the County has a critical role to play in creating a Hunger Free San Diego and ask that this new ad-hoc committee integrate nutrition security resources as part of its focus.

Alliance San Diego commends Chair Fletcher and Vice-Chair Vargas for their leadership in bringing this forward. San Diego County has a long history of welcoming newcomers to our region, and immigrants and refugees are woven into the very fabric of our county. San Diego County once again has the opportunity to welcome individuals with dignity, and we are grateful to see the County taking the steps needed to welcome asylum seekers to our

region. We strongly support this effort.

Thank you for bringing up this important issue today. San Diego County, as a welcoming community, must reaffirm its commitment to accept refugees and newcomers and should create sustainable short- and long-term solutions to creating pathways for immigrants to safely reach their final destination and to support those settling in our region. We can demonstrate compassion and love with this. I ask the Board to affirm your support.

Thank you Vice Chair Vargas and Chair Fletcher for being proactive with a plan to welcome new arrivals with dignity and respect by providing critical respite shelter and other supportive services to individuals and families lawfully seeking asylum in the U.S. while also centering public health. I ask the Board to reiterate your support for immigrant families by voting YES on this item.

As an immigration attorney I am well aware of the needs of our asylum seekers, in particular the African asylum seekers who do not have family here, and nothing but the clothes in their backpack. It would be a tremendous step in the right direction to actually intentionally prepare for the upcoming influx of immigrants. Especially for housing. And please think of both short term and long term housing. With the huge backlog of cases, the court is now setting the first court hearings in 2023.

I oppose any county funding for a migrant shelter. This should be totally funded by the Federal Government. Illegal migrants should get a job and support themselves or go back home.

Submitted At: 6:24pm 04-25-22

My name is Paulina Olvera Cádiz, and I'm a constituent of District 51. On behalf of the organization Espacio Migrante, I want to thank Vice Chair Vargas and Chair Fletcher for introducing this policy. The County has already acknowledged the need for a migrant shelter in San Diego. Time and time again, the county has proven to be a welcoming community and I am writing to express my support to ensure the wellbeing of vulnerable communities seeking safety and opportunity for a better life.

1. This should ABSOLUTELY NOT be on the consent agenda. It should be a separate discussion item.
2. Providing money for housing & legal defense for immigrants should fall on the FEDERAL government -- not be an additional burden on county residents.

Any money you devote to this cause is money unavailable to other programs.

NO to a respite migrant shelter while homeless veterans are on the street. Let non-profits, charitable organizations, & FEDERAL gov't provide services to migrants.
