DELEGATION OF INVESTMENT AUTHORITY TO THE TREASURER-TAX COLLECTOR AND APPROVAL OF THE INVESTMENT POLICY (DISTRICTS: ALL)

OVERVIEW

Annually, the Board of Supervisors (Board) is requested to take several actions regarding the San Diego County Investment Pool. These actions include the annual delegation of investment authority to the Treasurer-Tax Collector and review and approval of the Investment Policy.

Today's actions will delegate investment authority to the Treasurer-Tax Collector for the calendar year 2026 and approve the amended Investment Policy to align with recent changes in the California Government Code, which increase the maximum maturity for commercial paper investments. Additionally, the language describing the frequency of interest charged on negative average daily balances in a participant's fund has been revised from quarterly to monthly to accurately reflect County practice. There is no financial impact as a result of these changes.

BACKGROUND

The purpose of the investment policy is to articulate standards and guidelines for the Treasurer's investment decisions. The annual review of the investment policy allows the County Treasurer to update the current policy, as needed, based on changes to the Government Code or dynamics of the money markets. Any local governmental agency located within San Diego County can participate in the Investment Pool with approval of its governing body.

Status of Treasurer's Pooled Money Fund

The San Diego County Treasurer's Pooled Money Fund (Pool) continues to operate under the highest possible standards. The Pool continues to be rated AAAs/S1 by Fitch Ratings. This is the highest possible rating from Fitch Ratings. Further it is stated by Fitch Ratings, "The 'AAAs' rating denotes an extremely strong capacity to achieve the investment objective of preserving principal and providing liquidity through limiting credit, market, and liquidity risk."

The Pool has sufficient liquidity to meet current and future needs of participants based on our detailed cash flow projections. The Pool's objectives continue to be, in order:

1. Safeguard the principal of the funds
2. Meet liquidity needs of participants
3. Achieve an investment return within the parameters of prudent risk management

Delegation of Investment Authority

Review and Approval of Investment Policy

Pursuant to section 53646 of the California Government Code, the Treasurer-Tax Collector is submitting to the Board of Supervisors the amended 2026 Investment Policy, which the Board is being asked to approve today. The Treasury Oversight Committee reviewed the amended Investment Policy at its meeting on October 8, 2025.

There are no significant changes to the San Diego County Treasurer's Pooled Money Fund 2026 Investment Policy. Per recent changes to California Government Code, the maximum maturity for commercial paper investments has been increased to 397 days. In addition, the frequency of interest charged in the event of a negative average daily balance in a participant's fund was changed to monthly from quarterly per County practice. The change in frequency of interest charged has no financial impact.
