How can you declare results of an election that you know has used machines vulnerable to manipulation? We need free fair secure elections now.

Let's keep this simple like MANY other countries. One day voting. Make it a holiday. No machines. All paper ballots. Voter ID.

The county needs to get rid of all computer voting machines. Go back to paper ballots, one ballot/ person and must show ID. San Diego elections are filled with fraud just like the rest of the country. The WEF board members and sellouts to Soros in San Diego is disgusting.
