Subject: [External] Iran Divestment - Letter to Supervisors

Date: December 1, 2023

The Honorable Nora Vargas
The Honorable Joel Anderson
The Honorable Terra Lawson-Remer
The Honorable Jim Desmond

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Mary Endress

Subject: [External] Iran Divestment - Letter to Supervisors

Date: December 2, 2023

The Honorable Nora Vargas
The Honorable Joel Anderson
The Honorable Terra Lawson-Remer
The Honorable Jim Desmond
The Honorable Monica Montgomery Steppe

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Alona Markowitz

Date: December 2, 2023

The Honorable Nora Vargas
The Honorable Joel Anderson
The Honorable Terra Lawson-Remer
The Honorable Jim Desmond
The Honorable Monica Montgomery Steppe

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations

report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

From: [Kulis, Michael](#)

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

Sara Feldman

The Honorable Monica Montgomery Steppe

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel including 32 Americans with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

A. Paz

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations

report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Ella Revzin

Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

Deena Swidler

The Honorable Monica Montgomery Steppe

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

Amir

Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Deborah Gruen

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

Warmly,

The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and

companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely, Anna Gluzman.

The Honorable Monica Montgomery Steppe

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Sandy Mandel

The Honorable Monica Montgomery Steppe

Dear Supervisors,

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,

Nader N Afshar.(please don't publish my name,because I don't want my family to be put in danger)

Nader N Afshar.

I am writing to express my strong support for the Board Letter introduced by Supervisor Joel Anderson to ensure funds invested through the San Diego County Investment Pool and the investment portfolio managed by the San Diego County Employees Retirement Association are in compliance with all sanctions and laws restricting investment in the Islamic Republic of Iran and companies conducting business with them.

The Islamic Republic of Iran has a long-standing history of supporting terrorist organizations operating throughout the Middle East. According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations

report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Mila Feinstein

According to the U.S. Department of State, the Islamic Republic of Iran provides approximately \$100 million annually to terrorist organizations, including Hamas, Hezbollah, Palestinian Islamic Jihad, and similar groups. Their leaders, along with the Islamic Republic of Iran's supreme leader, continue to call for the destruction of Israel. The most recent attack by the terrorist group Hamas, occurring on October 7th, resulted in the loss of over 1,400 innocent lives in Israel – including 32 Americans – with more than 200 people still held captive.

Following the enactment of AB 221 (Anderson) into law, it was discovered that over \$24 billion in public funds managed by the California's State retirement agencies were being invested with the Islamic Republic of Iran in conflict with sanctions prohibiting such action. It is critical for the County of San Diego to do its part to prevent the Islamic Republic of Iran's continued backing of terrorist groups by ensuring that the \$26 billion - \$32 billion in funds invested through County-controlled investment portfolios will in no way benefit the Islamic Republic of Iran or allow it to fund terrorist groups and their barbaric activities.

Supervisor Anderson's recommendations call for a review of the actions that the County of San Diego Treasurer and San Diego County Employees Retirement Association take to certify they are in compliance with all laws and sanctions restricting investments with the Islamic Republic of Iran and companies that conduct business with them. He is also recommending that these organizations report back to the Board annually to verify that their investment portfolios continue to comply with all laws and sanctions restricting investments with this regime and to amend their Environmental, Social and Governance investing strategies and policies to specifically prohibit unlawful investments with the Islamic Republic of Iran, those doing business with them and any other entities identified by the U.S. government as contributors to terrorist organizations.

I strongly urge you to vote in favor of Supervisor Anderson's Board letter to ensure our American dollars are not being used to fund terrorism and to demonstrate the strong support that exists in San Diego County for our friends in Israel.

Sincerely,
Nicole Monsowitz
