This is regarding the August Special Election for Board of Supervisor District 4 position. Since this is special election and many people may be unaware of it, I urge the BOS to promote the election through diverse media outlets including multi-language print, broadcast and social media outlets. Hopefully, this will help ensure a larger turnout for this very important election. Thank you for your consideration.

County of San Diego needs to stop with the expanding of unnecessary social welfare programs under Health and Human Services Agency. The roads in San Diego look like crap, the smell of urine and trash in certain areas are a disgrace. San Diego County was once known to be a beautiful place to visit. Now it just looks like every large

liberal city: dirty, smelly, crime and with homeless individuals. As a taxpayer, I am tired of the wasteful spending and the large budget that is given to HHSA.

We have an emergency!! 50 million gallons of raw sewage continue to flow onto our beaches. The communities of IB and Coronado are speaking up and demanding that all County Supervisors focus their attention on how to get the funds directed to implementing short term solutions. Our environment, health and the region's economy can not wait any longer. Start actively working with our elected officials, state and federal, and get the funds, fix the problems, and solve this 30 year problem now.

Cathie Hyatt

Submitted At: 3:21pm 05-21-23

I'm urging the Board to fully fund nonpartisan voter education and robust voter participation processes. While the vacancy is in District 4, the outcome of the election will impact the entire county and ample access to the polls and voting material is important to the integrity of our democracy.

Why is the county still paying Helen Meyers to be there? She is supposed to retire but the taxpayer is paying her 197.00 an hour for WHAT??? Why is Michael Vu's second in charge not filling it?? What is the purpose of having a second in charge? Let's get rid of his position. I hope when the next round of lay offs needs to take place start with the upper leaderships that do not contribute to the work. The county of San Diego is way too top-heavy.
