In Regards to the RV park for those experiencing Homelessness Willow RV, we oppose an RV park for the homeless out of safety for the families and children who live in and recreate in the area. Homeless often deal with drug addiction and join in crime and attract people who do. This is unsafe for the young and vulnerable. Please, make a priority of hearing from those living and sending kids to school and recreation nearby, and stop the plan for an RV park for homeless on Willow Rd.

Regarding the RV park for those experiencing Homelessness Willow RV (Agenda Item 18), the stated # 1 goal was to engage the community in meaningful ways. Yet the County had not engaged the Lakeside Planning Group, Foothills High School Little League at LaChappa Fields next door east, Lakeside PONY League at Cactus Park and El Capitan High School to the southwest, Lakeside Polo Club to the south prior to the hearing and decision of 3/13/2024. The County of clearly failed to meet their #1 goal.

I am saddened that Paul Parker left CLERB. He is a man who believed that the public and impacted families who lost a loved one have the right to know the truth. His vision of making the San Diego Sheriff transparent and truthful should not stop because of his departure. CLERB needs to have oversight over the medical staff in the jails. CLERB recommended 68 proposals to the Sheriff Dept that need to be implemented. Board step in and improve the jails better for the people, not for the sheriff.

I'm the mother of Elisa Serna. People from society continue to die in custody. The San Diego Sheriff refuses to make changes. They will not scan their employees entering the jails. They continue not to do their job by not checking on inmates on time or reporting immediate emergencies if an inmate is in distress. The only money they need is when it comes to hiring/training good people. It's time to clean house! Kelly Martinez will have a high record of incustody death the same as William Gore.

I'm the father of Elisa Serna who died Nov. 11, 2019, at the hands of medical staff and sheriff deputies at Las Colinas Detention. My daughter was more than just a statistic. She was a mother and sister, and she was my daughter. Yes, she had problems and struggles, but she had many hopes and dreams. The sheriff's treatment of cruelty is inhumane, which leads to Elisa's death. How long will you cover up in-custody deaths? The blood that is on the San Diego Sheriff's hands, is now on yours.
