I want to state that on October 8th Ammar. Najjar is advertising a dead candidate in Chula vista. He and a few community members are seen with signs with his name on it. I am in district 1 were there is a language barrier and note that this area there are a ton of Spanish speaking people and that advertising this is deceiving to the Latino community. Also, to note that there is campaigning on school grounds at schools in Chula vista and that is not right. The parent and patriot community.

I request an office visit. I need to advocate for mental health diversion at sentencing that will emphasize and include the vital services to collaborate with a treatment plan by a psychologist/psychiatrist aside from the first

correctional officers secondly clinicians hired by CDCR and county jails! This will save lives and help health and public safety for consumers, family and community!

It shouldn't be this freaking hard to register to speak at a meeting of the BOS. Why isn't there a phone number at the beginning of the agenda?
