WAYMOs doing illegal maneuvers around schoolbusses, red lights flashing, 19+ times since August; trapping people in cars blocking traffic; and Vishay Nihalani, director of product management ops for Waymo) says “I don’t think people should expect perfection. What’s really important, though, is that we’re learning from all the scenarios that we encounter”

Regulators at the National Highway Traffic Safety Administration (NHTSA) are now investigating Waymo over complaints that its robotaxis have illegally passed school buses at least 19 times, according to Reuters.

AND NOW, WAYMO IS COMING TO SD COUNTY.

Personally, I would rather not be killed or maimed as part of an experiment gone wrong. WAYMO NEEDS TO BE BANNED until it works, is programmed correctly, and does not take months to fix a relatively simple rules issue like the schoolbusses.

Regards,

Paul Henkin

No drilling in San Diego County. We have enough.

The only winners are the oil industry barons who make money on tax deductions! The need for oil in the USA does not justify drilling. Oil from offshore drilling can't be used by USA cars!

Another child is dead, killed in Julian in a head-on crash.

The suspect, Brayan Josue Alva-Rodriguez, is an illegal alien from Guatamala who entered the US in 2018 and racked up two DUIs and was ordered removed in 2023. But he remained in our community. This tragedy was preventable. This illegal alien should never have been here. ICE will place an immigration retainer on this individual.

Anti-ICE activists protect criminal illegal aliens, including 3 people on this board. Blood is on your hands because you choose to protect these individuals instead of innocent children in our community.

Will you continue to protect this guy and other criminal illegal aliens? I suspect you will. Therefore, more deaths of innocent American citizens can be expected. As always evident, you do not value humanity or the sanctity of life when you won't protect the most vulnerable, the preborn baby. Therefore, you are incapable of caring about any other child or person.
