Purpose

To establish a Board Policy to promote Veteran Owned Business (VOB) and Disabled Veteran Business (DVB) participation in County Contracts.

Background

All veterans, and particularly disabled veterans, have made great sacrifices serving and defending our country. Their dedication and sacrifices have not gone unrecognized. The County, like the State and federal governments, has recognized veterans' service through contracting practices that promote successful veteran owned business participation in government contracting. This policy continues the County's practice of promoting successful veteran owned business participation in County contracting.

Policy

It is the policy of the Board of Supervisors to promote veteran owned business participation in County contracts by:

1. Establishing a three-percent (3%) DVB subcontractor participation goal in applicable County Procurements where the prime contractor intends to use subcontractors.
2. Exempting from competition, pursuant to Board Policy A-87 (Competitive Procurement), procurements from DVBS of goods and/or services.
3. Exempting from competition, pursuant to Board Policy A-87 (Competitive Procurement), informal competitive procurements set aside for VOBs.
4. Separating large contractual requirements into smaller segments to maximize VOB participation, when in the County's best interest ~~and where doing so would maximize VOB participation.~~
5. Authorizing progress payments to VOBs as well as ~~make payments~~ accelerating payment terms to VOBs within 15 calendar days of receipt of approved invoices and receiving reports, as determined by the Auditor and Controller, where:
 - a. the VOB demonstrates in writing that early payments and progress ~~payment~~ payments are necessary for it to successfully complete its obligations under the agreement; and
 - b. the VOB is otherwise in good standing in performance of its duties under the ~~Contract~~ contract.
