Paid county employees should consider this part of their job description. They are getting paid, they can do the work.

There are plenty of paid county employees who can do this. Implement this into all "job descriptions" for county employees, including BOS members, as a required job task and there are your Annual Point In Time counters. Problem solved. [There may be an issue of accuracy, though.]

I think the best way to get volunteers is by compensating them for their time and civic effort. I am surprised that these workers did not get a stipend previously.
