Good morning, my name is Jessa Spainhower, I am a resident of District 2, Founder of A Stellar Company & Member of Business For Good. I am in strong support of the County creating a Civil Liberties Enforcement and Accountability Rules ordinance and urge the Board of Supervisors to vote YES.

San Diegans fear going to work, taking their kids to school and going about their daily life. When workers believe that police or immigration agents can access county buildings or data without clear limits, they don't report wage theft, retaliation, or unsafe conditions. Families skip medical appointments and community meetings. Residents avoid libraries and parks. The result weakens public trust and public safety.

Please vote YES and take the first step in creating an ordinance to protect our community. Send a clear message that San Diego stands for rights, dignity, and due process for all. This will be an important step in improving public trust and safety.

Thank you!

My name is Dre (Tyler Andre), and I am the CEO of Algentem LLC, a San Diego-based software development company and member of Business For Good. I am writing in strong support of the County adopting a Civil Liberties Enforcement and Accountability Rules (CLEAR) ordinance and urge the Board of Supervisors to vote YES.

Recent data showing a major increase in ICE arrests in San Diego highlights why this ordinance is urgently needed. The County must ensure that its facilities, personnel, and systems are never used to enable unlawful or discriminatory actions.

I urge the Board to work closely with community advocates to ensure the ordinance is comprehensive, effective, and responsive to those most affected. A YES vote on the CLEAR ordinance will send a powerful message that San Diego stands for dignity, rights, and due process for all.

Thank you for your consideration.

With the federal government attacking our communities, it is the County's responsibility to place additional safeguards and commit to protecting San Diegans' fundamental rights. You, as the Board of Supervisors, have the power to increase protections for your constituents. I urge you to care for the wellbeing of San Diegans and support the CLEAR Ordinance. Thank you.

I am Ian M Seruelo, Chairperson of the San Diego Immigrant Rights Consortium (SDIRC). SDIRC strongly supports this initiative. If the federal government actively denies due process to our community members, then it is imperative that our local government units step in. Due process is a bedrock of our democratic system and is currently under attack. San Diego needs to stand up and push back against the fascist and racist policies of ICE and other federal agencies.

On behalf of the American Friends Service Committee's US-Mexico Border Program, I submit this comment to in support of creating an ordinance that strengthens due process and places procedures to protect all members of our diverse communities, especially those who could be harmed by egregious federal immigration authorities. The use of illegal and questionable tactics by the Border Patrol, ICE, and other federal agents place the lives of working families at risk of harm. San Diego County must live up to its values of uphold equitable practices that support due process rights and respect Constitutional protections, and creating an ordinance with this in mind a an important first step in that direction.

As a small business owner, Advocacy Co-Chair at Business For Good, and member of the Community Budget Alliance, I've seen firsthand how fear and confusion around immigration enforcement affect the health and

stability of our workers and local businesses. Protecting the constitutional rights of all San Diegans, immigrants and U.S.-born alike, is essential to community safety.

I urge the County Board of Supervisors to vote YES on this item to ensure County facilities, resources, and personnel are never used to support unlawful or discriminatory immigration actions. I also encourage the CAO to work with community advocates to make the CLEAR ordinance as strong and effective as possible. Thank you!

My name is Ruth Kaplan. I live in University City.

For the past 6 years, I've been connected with three lovely Venezuelan children who had fled racism and hunger to arrive here with their mother in 2019.

The two sisters are preparing for college and playing on their high school varsity volleyball team. Their severely disabled brother is receiving the medical care, therapies and special education denied him in Venezuela.

Last month, the family lost their TPS protection and received notice to appear in court. Thanks to the County, they are represented by an excellent attorney.

The proposed ordinance will reassure them and so many others that they are valued members of the community and that the County will protect their rights to the extent allowed by law. Thank you.

We live in the busiest land-border crossing in the Western Hemisphere, all while proudly being one of the safest cities in America. Fortifying Due Process should be your moral responsibility as elected officials: It shows the rest of the country/world that we, as a border region, stand up for our neighbors against this endangerment, cruelty, economic hardship, and generational trauma that only dictatorships implement to cripple our society. Please protect ALL of us, from the arbitrary unhinged and unlawful actions that we have seen this administration is fully capable of.

Today, the San Diego City Council unanimously passed the Due Process and Safety Ordinance. Now we expect the County to do the same. Due process is not just a civil right, it is a human right. It is a foundational principle upon which this country was built. I urge the County BoS to support the CLEAR ordinance, ensuring Due Process to ALL county residents, regardless of race, immigration status, ethnicity or any other label you might want to place on human beings. This is not about being a sanctuary county, it is about abiding by the rule of law. It is time we held the current administering in Washington accountable to follow the law as we would anyone else.

My name is the Rev. Mary Sue Brookshire, and I am writing to support the Due Process Ordinance—a measure that ensures every San Diegan, regardless of background, identity, or immigration status, is treated with fairness and respect. Jesus taught us: “Love your neighbor as yourself.” That love means standing with the most vulnerable and ensuring they are protected by the same rights and due process as anyone else. When people live in fear—afraid to seek help or trust authorities—it erodes our community. This ordinance restores trust, sets clear limits on cooperation with outside enforcement agencies, and ensures our County upholds both the law and human dignity. Please vote yes on the Due Process Ordinance.

Good morning, my name is Vanessa, and I am with the Pilipino Workers Center and a member of the Community

Budget Alliance.

We are in strong support of the County creating a Civil Liberties Enforcement and Accountability Rules ordinance, and we urge the Board of Supervisors to vote YES. Right now, immigrant workers fear going out due to increased ICE activity. This fear leads to wage theft going unreported, unsafe working conditions unchecked, and families avoiding healthcare and community programs. We have seen an alarming rise in ICE arrests this year — including a seven-fold increase in people with no criminal charges. The County must take a stand. We urge you to adopt a CLEAR ordinance that ensures County facilities, resources, and personnel are never used to enable unlawful or discriminatory actions by immigration authorities — and to consult community advocates in its development. Please vote YES to protect the dignity, safety, and trust of all San Diegans.

Federal agents are testing how much they can undermine local government's authority. Trump is testing how many laws he can break and get away with. Insufficient action has been taken by this board, city officials, and law enforcement to prevent the kidnapping of peaceful members of our community. Pass the CLEAR ordinance to show us that you care about people and the safety of everyone, because nobody is safe against ICE's terrorism, not even you.

President Trump and his regime are running rampant over our rights in an effort to destroy our democracy. We must stand up. It is imperative that our county officials take steps to protect ALL San Diegans all the time. We are not safe when anyone is allowed to violate anyone's rights. We are not safe when masked, unidentified men are allowed to abduct and assault people and it is your duty to ensure our rights are upheld and protected.

I strongly support Agenda Item 17 — the CLEAR Ordinance — because due process and civil liberties must be protected for everyone in our county. CLEAR sets essential boundaries on how local agencies interact with federal immigration enforcement, ensuring transparency, accountability, and equal treatment under the law.

This ordinance affirms that safety and justice go hand in hand, and that our community stands for fairness, not fear. I urge the Board to pass CLEAR and uphold the values that make our democracy strong.

I have lived in San Diego my entire life, in a variety of neighborhoods from East County to East Village and everywhere in between. I am heartbroken to see so many of my neighbors living in fear. Immigrants are valuable members of my local communities. They are my coworkers, they are my friends, they are my fellow students, they shop at the same stores and eat the same food as me, they go to church with me, they are my family. I hate walking around my city and seeing ICE officers enacting illegal raids in broad daylight, stealing parents from children, wondering how many more kids will turn to crime after they've grown up without parents, wondering if I might someday find myself living in a San Diego that is segregated by nationality. These thoughts sicken me.

I support CLEAR because it is the morally just thing to do, and I feel strongly that voting YES on CLEAR is a decision which supports and uplifts the rich history of San Diego.

My name is Elena. I am a member of St. Francis Church and SDOP. I live in Desmond's district. Protecting the civil liberties and the rights afforded by the constitution to San Diego residents, immigrant or American born, is integral to the safety of our communities.

I want to express my strong support for the Safety and Due Process Policy. The federal government continues to ramp up immigration enforcement towards immigrants. Who will stop the President when he decides to take away the civil liberties of American citizen who don't agree with him? Once these harmful behaviors are allowed to erode our democracy, the impacts for the entire San Diego community are at risk.

Warrants are necessary. Due process is necessary. Limiting discriminatory practices are necessary. Safe guards are necessary. Thank you for protecting our local communities and preserving the constitution's intent for all.

I am a City of San Diego resident and urge the City Council to pass the Due Process and Safety Ordinance. I am concerned about the appalling increase in violent and extralegal immigration enforcement in San Diego and the lack of due process. This has created an overwhelming state of fear and mistrust. It is critical that the City stands with all vulnerable communities and works to protect them from harm.

This ordinance will provide key protections to vulnerable communities .

The Due Process and Safety Ordinance will restore trust in our City by clarifying the role of the Police Department when responding to immigration enforcement and providing transparency regarding the Department's participation.

We can't stop the federal government's attack on immigrants, but, we can ensure that local resources are not spent aiding these actions.

This important local policy would protect due process, uphold civil rights, and ensure every San Diegan can safely access County spaces. This is particularly important at this time of unauthorized federal enforcement and shameful local complicity.

I believe we need to do all we can to support hard-working individuals who have made San Diego the great city it is, regardless of their legal status. Even more basically, I believe we need to follow rule of law and not have an "anything goes" or "might makes right" approach to immigration enforcement. This ordinance attempts to put more protocols in place so that we can indeed follow rule of law in a respectful way, and also protect contributing members of our society.

We have people in the federal courthouse and on the streets having their due process rights violated over and over again. Please pass this and provide support to those in our community who need legal resources and a way to ensure their rights stop being violated.

I support Due Process for all people in our country. What is happening is devastating our hard working families. This illegal abduction of people is injustice and cruel.

My name is Teresa Perez. I am a member of San Diego Organizing Project and I live in District 5. I want to express my strong support for the Safety and Due Process Policy. Our San Diego neighbors and families are being kidnapped and torn apart by detention and deportation. As the federal government continues to ramp up immigration enforcement in our communities, it has harmful impacts for the entire San Diego community. By

passing this policy, you will ensure that San Diego is a welcoming place where immigrants do not have to live in fear, have the right to due process and receive dignity and respect.

we must protect due process and safety for all. many members of my church have stopped attending my English classes because they have witnessed violence and unfair treatment on the street and in courts, and their children are also terrified. citizens included. a true democracy should include protection against Injustice. please show us that you believe this by voting for this ordinance of protection.

Many of the ICE actions were clearly Unconstitutional, oppressive, and indeed, some have been challenged in court and ruled illegal. But this demonstrates that there are already laws against such actions.

The Board Letter even says 'the existing laws are clear.'

So why so we need this? It could lead to adverse consequences.
