Agenda Item

29. PROTECTING CALIFORNIA RATEPAYERS BY OPPOSING INCOME-GRADUATED FIXED ENERGY CHARGES

The comment below was from me (melee_mantel.01@icloud.com), but I support fighting this ridiculous proposal from SDGE. Many people in the comments are opposed to the plan (and support this agenda item) but chose oppose like I did.

Please remove my "oppose" vote and change it to "support". I support Desmond's effort to fight this! I am not able to update my comment.
