EQUITY IMPACT STATEMENT

Boards, commissions and committees provide an inter-relationship between the residents and local public agencies within the County and as such must provide transparent, bias-free decision-making. The Board of Supervisors serves as the Code Reviewing Body for any local agency, other than cities, with jurisdiction wholly within the County, pursuant to Government Code Section 82011. Under the California Political Reform Act, a public official has a disqualifying conflict of interest in a governmental decision if it is foreseeable that the decision will have a financial impact on their personal finances or other financial interests. In such cases, there is a risk of biased decision-making that could

sacrifice the public’s interest in favor of the official’s private financial interests. To avoid actual bias or the appearance of possible improprieties, the public official is prohibited from participating in the decision.

The recommended action would approve the amended Conflict of Interest codes. The Conflict of Interest codes in this Board Letter enables the County of San Diego to provide transparency and accountability to all individual residents, ensuring equitable operations of the government that are free from undue influence.

SUSTAINABILITY IMPACT STATEMENT

Under the Political Reform Act, all public agencies are required to adopt a Conflict of Interest code that designates positions that are required to file the Statement of Economic Interests (Form 700). Conflict of Interest codes must be maintained as updated and accurate to ensure that necessary public officials report their personal financial interests. These required filings provide public transparency about possible conflicts of interest and to ensure governmental decisions are made in the best interest of the public. This Board Letter supports the County of San Diego’s sustainability goal of, “Engaging the community to partner and participate in decisions that impact their lives and communities and transparently share results of outcomes.”

FISCAL IMPACT

There is no fiscal impact associated with this recommendation. There will be no change in General Fund cost and no additional staff years.
