To end today's session, the overwhelming majority of San Diego residents support and trust the Board, local and state officials. These meetings have been overtaken by individuals plagued by self destructive psychosis. It is the majority of us who will continue to be safe, smart and live while the self destructive continue to dissolve into non-existence. For those who are religious- "The meek shall inherit the Earth"-accepting God's gift of vaccines throughout history is for greatest love of all.

This IS the United States of America.

We HAVE a Constitution and a Bill of Rights. It guarantees that citizens of the United States (which includes San Diego) have the right to FREE SPEECH.

YOU are simply County Supervisors.

You have no right to control or limit anyone's rights as AMERICAN CITIZENS.

Our freedom of speech must be maintained as given by the Constitution of the US. There should be nothing done to impede any person's rights as an American citizen.

Reaching herd immunity is "NOT a possibility" with the current Delta variant.

-Sir Andrew Pollard, Oxford Vaccine Group

This pandemic is becoming endemic & the available vaccines are 50% effective AT BEST to keep people from contracting COVID-19.

Or is an Oxford professor considered "misinformation?!"

I DO NOT CONSENT to mandates or coercion for vaccinations, regardless of FDA approval, MY BODY, MY CHOICE

I DO NOT CONSENT to government overreach and recommending businesses enforce vaccines or testing of employees. I have the sense to stay home if I am sick.

I DO NOT CONSENT to attempts at limiting my First Amendment right of free speech.

I DO NOT CONSENT to ANY form of vaccine passport. I will not be discriminated against for being unvaccinated. Remember your oath - You work FOR THE PEOPLE
