Report looks good and thorough. Please approve. Here are a few suggestions to make things run even smoother.

The new policy Art. 25 sec. 449 (second b) (3) needs to set a dollar limit on acquiring new equipment without Board approval. It is our tax money the DA is using. There are, by the way, two subsections b. Need to proofread legal docs. Better.

Why are there no Sheriff Dept. Patrol Stations in Escondido or NorthEast County? No emergencies there? No dead bodies?

As I look through the equipment list, I wonder why there are so many Drones with the same capabilities for widely different prices from \$1,299.00 to \$11,610.00 in the same year? And why is a helicopter with bomb capabilities in the Drones section?

Not sure why you need the Qinetiq Talon Robot with nuclear capability. Seems excessive and could endanger a lot of innocent people.

The listed training courses don't have a test at the end. They should. Improper training costs the County and lowers your reputation.
