Hi,

I submitted an e-comment to agenda item #25 for the September 27th meeting. I am in support of the item (as noted in my text) but accidentally selected “oppose” versus “support”. Can I please change this?

Thanks,

Melinda

25. SHALLOW RENTAL SUBSIDY PROGRAM

Hi Supervisors,

I think this is a great idea. I like the name 'shallow...' Kinda balances 'deep end' which is where politicians often go. Should have been done years ago. Look at all the people who have had to take in their parents or family.

I really don't care about the actual percentages in the equity statement. If you are an at-risk individual, which anyone over 55 is, and alot of younger folks too, given the junk in the air, food, water, and medicines, that has a cumulative negative health impact no matter how healthy the medicos can rig you up to seem, you should have a roof over your head. Just look at our young athletes dropping like flies of myocarditis, or Multiple Inflammatory Syndrome (MIS,) the disease people get from the COVID shots. If you aren't at-risk, it's coming.

So you can bet your bottom dollar that alot of these at-risk people will also need help getting into housing.

Paul Henkin
