Children are under threat by the ideology of transgenderism- it is blatantly in their faces during pride month and many other "special days" of the calendar year. This county re-defined women to include men [individuals born with a penis], granting privileged position to men pretending to be women to invade spaces for girls and women. Anyone can be a predator. Men, Women, Straight, Trans, Gay, Lesbian. Predatory behavior includes sexualizing, and grooming children by strangers, even parents in some instances- harming children to the point they will not know when they are being raped or how to say no or when to seek help. The Left's agenda is to harm children, eliminate parental rights and destroy the family unit.

Sometimes government does bipartisan good stuff
