Subject: [External] carlsbad airport
Date: Tuesday, January 7, 2025 5:35:42 PM

HI TO ALL BOARD MEMBERS, I am a San Marcos resident. the planes from Carlsbad airport fly directly over my house on the landings. I am strongly opposed to allowing larger planes into this airport, as they already are too big. also, you get the random plane at midnight on a sunday flying over, which i believe is a violation of noise levels vs. time of day. please vote no on allowing bigger planes, from American airlines or anyone else, to fly into Palomar airport. when I moved here 30 years ago, it was small planes only. they have steadily been letting bigger and bigger planes in here. where does it end?
THANK YOU, RICK ARNOULT

Subject: [External] American Airlines lease
Date: Wednesday, January 8, 2025 6:30:47 AM

Good morning,

I am writing to ask that you do not grant American Airlines a lease to operate jet services with larger aircraft out of Palomar Airport in Carlsbad. As a long-time resident of the city, now living in a senior community in Robertson Ranch, we have planes fly over our homes with regularity. Larger planes starting with AA would increase the noise and disturbance, which would affect our health and well-being. I am old enough to know that this would be the thin end of the wedge if allowed and it would decrease our quality of life.

I realize that people who live around the San Diego Airport deal with this all day long, but they knew that going into their home purchases, rentals, leases.

We are all dealing with increasing noise pollution, light pollution, exposure to poisons. Please do not exponentially increase our exposure while we are trying to mitigate some of these issues. Do not give us more of the same.

Do not grant the lease to American Airlines to operate C-class aircraft out of Carlsbad. Please accept my email, along with the voices of the over 125 letters previously submitted and any submitted since the postponement. Thank you.

Happy New Year!
Sincerely,
Amy Davis
