Yes on CLEAR. San Diego families need and deserve to be safe from unlawful violence, intimidation, and abduction.

I am a San Diego resident who feels strongly about supporting the civil liberties on which this country was founded, and I am horrified by the violence and trauma currently being inflicted by the federal government via ICE. I strongly support the Civil Liberties Enforcement and Accountability Rules ordinance because it increases protection for San Diego families and sends a message to all of our neighbors that they should feel safe in their county. That their local representatives won't stand for them being terrorized. I urge you to vote YES on CLEAR.

As a resident of San Diego County, Naval Veteran, small business owner and parent of a small child, I strongly support the CLEAR Ordinance as a means to keep our community members safer. ICE presence in our communities directly causes harm, particularly to the most marginalized of our neighbors, inhibiting people's movement, splitting families apart, and inflicting physical and psychological violence. I am a resident of San Diego who believes in protecting civil liberties, dignity and justice. I support the (CLEAR) Ordinance. Nationwide, we are witnessing increased targeting of immigrant communities and people of color. The federal government has intentionally created a climate of fear and intimidation which has traumatized our communities, making people feel less safe in their daily lives. The CLEAR Ordinance takes a critical regional approach to increase local protections for San Diego families and sends a clear message to all San Diegans: you deserve to feel safe in your county, and your county is fighting to protect you. The ordinance aims to protect our data, maintain local resources for local purposes and expand protections for all county residents. The ordinance will support and protect people regardless of immigration status, disability, gender identity and sexual orientation. I urge you to vote "Yes" on the CLEAR Ordinance.

Immigrant Defenders Law Center strongly supports the Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance. The use of deadly force by ICE and CBP has created a climate of fear in San Diego. ICE is separating parents from their children, entering homes without warrants, and causing chaos in our communities eroding trust between community members and authorities. It is vital that the County of San Diego take decisive action to protect community members from unlawful and harmful federal enforcement activities.

Adopting the CLEAR Ordinance would help to prevent federal authorities from using County facilities and resources for unlawful purposes. By setting these standards, the County will advance public safety and uphold civil rights.

The current immigration policies are not only unconstitutional, but people, families, our economy, and environment are all being destroyed.

There is no need for the cruelty and inhumanity being used by the federal government. I personally have witnessed people taken from their final green card interview at USCIS being shackled, herded into a van, and the van sits there as ICE agents bring more people into the basement parking garage. It is horrifying.

The CLEAR Ordinance takes a critical regional approach to increase local protections for San Diego families and sends a clear message to all San Diegans that the San Diego County Board of Supervisors is here to fight to protect you, and you all deserve to feel safe in our community, and not fear access to any county resources needed.

Vote YES on CLEAR.

Immigrants make America great! As a proud ACLU member who believes in protecting civil liberties and standing up for our communities, I strongly support the Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance. Nationwide, we are witnessing increased targeting of immigrant communities and people of color. The federal government has intentionally created a climate of fear and intimidation which has traumatized our communities, making people feel less safe in their daily lives. The CLEAR Ordinance takes a critical regional approach to increase local protections for San Diego families and sends a clear message to all San Diegans: you deserve to feel safe in your county, and your county is fighting to protect you.

As a proud San Diego County resident who believes dignity, safety, and civil liberties are fundamental rights, I strongly support the Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance. At a time when immigrant communities and other historically targeted groups are facing increased fear, surveillance, and intimidation, it is critical that our County take clear steps to protect residents' rights and build trust. When people are afraid to access public services, go to work, or take their children to school, the entire community is harmed. Clear safeguards and transparency strengthen both community trust and effective local governance. The CLEAR Ordinance provides important safeguards by limiting inappropriate data sharing, restricting access to non-public county facilities without a warrant or court order, and increasing transparency and accountability in how county resources are used. I respectfully urge the Board of Supervisors to vote YES on the CLEAR Ordinance.

Clearly, ICE and the Border Patrol have far exceeded their legal authority and engaged in overly hostile and violent activity. But this proposed ordinance doesn't do the job. The agents who act arbitrarily should be punished individually. But the actual ordinance has a huge loophole and won't prevent their lies and violent and illegal acts.

Now that ICE and BPS are under extreme fire for their lies and unconstitutional actions, you may as well let them self-implode.

The sec. 967 exceptions in the ordinance make it essentially unenforceable. ICE or BPS could simply claim it's an inspection under regulatory authority, just as they've lied so often in the past; and saying "In response to an imminent threat to life or public safety pursuant to a narrowly tailored policy adopted by the Chief Admin Officer" without specifying the policy is so vague that it would not stand up in Court.

Agents at airports should not be excepted generically (Sec. 971.)

I strongly support the CLEAR Ordinance because it upholds civil liberties, dignity, and safety for all San Diego residents. At a time when many immigrant communities and people of color are experiencing fear and intimidation, this ordinance provides essential local protections, safeguards our data and resources, and affirms that everyone deserves to feel safe in their own county. I urge a YES vote on CLEAR

As an ACLU member who believes in supporting civil liberties, dignity, and justice, I support the CLEAR Ordinance. The current government's increased targeting of and attacks on immigrants and people of color causes fear and chaos in our communities. All community members deserve to feel safe in their daily lives and San Diego needs to take action to support its people regardless of immigration status, disability, gender identity, or sexual orientation. As an educator it is clear to see how negative impacts on even one individual can have ripple effects on whole communities. I want all community members to feel safe and protected and this ordinance is one way to support that.

I urge you to vote "Yes" on the CLEAR Ordinance.

Recent events in San Diego and nationwide have confirmed that law enforcement agencies including ICE and the national guard need firm guardrails to prevent endangering citizens and San Diego residents, and to avoid creating and escalating violent situations. I support this measure to place clear rules around where and what types of activities are permitted in both public and private spaces and to ensure that law enforcement carries out appropriate procedures in obtaining warrants, etc. As a scientist and a San Diego resident, I value my international colleagues, friends, and neighbors and want them to feel safe in their workplaces, community, and government buildings. This measure will enable all of us to understand and defend their rights.

As an ACLU member, I support the Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance because it stands up for basic civil liberties, dignity, and fairness in San Diego County.

Across the country, immigrant communities and people of color are being increasingly targeted. The federal government has created a climate of fear and intimidation that makes people feel less safe in their everyday lives and harms entire communities. Fear-based policies do not improve safety. They make people afraid to seek help, report problems, or trust local institutions.

The CLEAR Ordinance helps protect personal data, keeps local resources focused on local needs, and expands protections for all county residents. It sends a clear message that everyone in San Diego County deserves to feel safe and supported, regardless of immigration status, disability, gender identity, or sexual orientation.

As an ACLU Volunteer and San Diego resident, I strongly urge you to vote "Yes" on the CLEAR Ordinance. The actions taken by immigration law enforcement locally and nationally is atrocious, striking fear in the hearts and minds of members of our communities. I believe strongly in restricting access to non-public facilities and designated locations, and limiting county participation in these operations. Local resources should not be expended on these measures that hurt rather than help our city. We have to stand in solidarity with our neighbors, to protect the safety of citizens and non-citizens alike. Thank you.

I am an ACLU member and am writing in support of the CLEAR Ordinance. This ordinance establishes common sense ways to limit inappropriate and unnecessary collaboration between the County of San Diego and Immigration and Customs Enforcement. It is very clear from actions across the country, including in California, that ICE regularly oversteps its enforcement role going so far as to detain individuals with legal status as well as U.S. citizens. We cannot tolerate this overreach in our communities in San Diego County. For this reason, I stand in strong support of the CLEAR Ordinance and ask that you do as well.

As a person who works in public schools, I want to do everything in my power to prevent the children I service from being traumatized in their safe space. I want to limit ICE and any immigration task forces power to take tear

apart families and take parents away from their children. Children don't deserve to be caught in the crossfires of this administration nor the unnecessary force that's been observed being used by federal agents. It's important that all individuals know their rights under the constitution as well, therefore I support this agenda item being passed.

I'm a 2nd generation Japanese-American. My parents moved here after World War II, built a happy, successful life, and raised me, a retired oncologist and now biotech executive. But let's go back to 1942. My parents and I, along with 120,000 other loyal Japanese-Americans, would be ripped from our lives, forcibly relocated to detention camps, and our property lost or seized under Executive Order 9066, a bigoted and racist injustice for which the US government would formally apologize to the Japanese-American community. I might have joined the many young Nisei who left the camps to serve in the Army and distinguished themselves in combat. These actions were thinly cloaked in wartime fear and hysteria. Today, we are ostensibly at peace and have no such pretext, leaving only the stink of cruelty and corruption. These policies were wrong then, and they are wrong today. Show your community and the world that San Diego is better than this, resist the fascist forces, and pass this ordinance.
