I fully support the board actions in support of reproductive rights, abortion care, and data privacy around these issues. Additionally I support this discussion which serves to further normalize and increase awareness about periods, abortion, pregnancy, and the unique and their systemic impacts on women's health and career. Thank you Supervisors Vargas and Lawson-Remer and Congresswoman Jacobs for your leadership on these issues.

This needs to be amended to include ALL medical information including vaccination status. After two years of roughshod trampling of our CalGina rights bringing this up is hypocritical

I'm submitting an E-comment in appreciation of Vice Chair Nora Vargas and Supervisor Terra Lawson-Remer for bringing forward this proposed resolution to support the "My Body, My Data Act"- I am in support of protecting the privacy and safety of our most impacted communities that seek reproductive health care. Federal legislation is imperative in protecting extremely private information and misuse of data that harms our communities.

You are all over my body and my choice and privacy.... for only a segment of the population while denying another segment of the population the same EACT thing!

Everyone's medical information should be private such as vaccination status, not just my own reproductive health. When you scream women's health to protect, it should be life of the unborn as well as vaccination status. Where is privacy for individuals working in healthcare, or county of San Diego when it comes to privacy? This is a hypocritical agenda item

I STRONGLY SUPPORT WOMEN'S RIGHTS ON ALL TOPICS. NO ONE PERSON OR GROUP HAS THE RIGHT TO LEGISLATE OUR LIVES AND OUR BODIES. THANKS TO THE REPUBLICANS AND THE RIGHT TO LIFERS, WE HAVE BEEN SENT BACK 100+ YEARS. I IMPLORE YOU, DO NOT ALLOW THIS TO BECOME LAW ANYWHERE IN OUR UNITED STATES. WE MUST STAY STRONG AND SAVE OURSELVES NOW AND INTO THE FUTURE!

Offer the same privacy standard for "My body, my choice" when it has to do with refusing a vaccine based on a virus-variant that has been out of circulation for over 2 years!

**Ana Melgoza**

Submitted At: 2:35pm 08-15-22

I would like to thank Vice Chair Nora Vargas and Supervisor Terra Lawson-Remer for bringing forward this proposed resolution to support Congresswoman Jacobs' bill that protects the privacy of our reproductive and sexual health data. Federal legislation is necessary to protect this extremely private information from misuse. Sexual and Reproductive health information deserves the highest level of privacy protection the government can provide.

If you're vaccinated.. it's public knowledge and you agreed to no privacy bcuz you are in an experimental trial; stop crying for your bad choices! Another manipulated money funneling scam!
