Per this item letter: Update fees for services to promote health and safety and have an impact on the lives of Black, Indigenous, People of Color, women, people, with disabilities, immigrants, youth, the LGBTQ+ community, and other underserved groups.
So not county wide for all categories. Seems discriminatory.

Environmental testing fees seem reasonable – only a few bucks increase or decrease. Although as a percentage, 10 to 17% is a big increase, The Hep C testing fee increase of over 100% is steep. And you canceled monkeypox testing and for several other diseases which is dangerous given how many diseases we thought were gone are popping up. Also, charging \$14 for a non-contagious disease letter is a bit outrageous.,

I can live with the changed fees. You should rethink the canceled tests.
