No more funding. There's a CURE for AIDS. Instead of asking for funding; fire your incompetent piece of poo physicians and higher ones who are educated on nutrition and have common sense. No vaccines = no diseases/no viruses, duh! Cost less than \$100 to treat/cure AIDS. Wake up people and get the heck out of hospitals!!

Disease brewing, MONEY making vaccines. Your COVID vaccines and monkey pox vaccines have created this; you pushed this.. you pay. You already get paid by people's medical insurance and their private trust funds, why do you need more money? Lining your pockets.. complete SCAM!!

HIV doesn't discriminate by race or class either. You got it or you don't.
