Dear Supervisor Anderson:

I am writing to express my support for Item #30, which you will be presenting at the upcoming Board of Supervisors meeting on Tuesday, December 5, 2023.

This item, which seeks approval for the allocation of an additional \$3 million in federal ARPA funding to sustain the existing migrant processing center in the City of San Diego, is of significant importance to our region.

The City of El Cajon, like many other communities in our region, has been impacted by the challenges posed by street releases and the potential strain on our local resources. Your proposal to allocate additional federal funding to continue the operations of the processing center is a proactive and responsible step in mitigating these challenges. It not only protects the well-being of our communities but also aligns with our shared commitment to humanitarian values.

I believe that supporting this item is not only in the best interest of the City of El Cajon but also the entire San Diego County. It is essential that we continue to prioritize the welfare of our residents and assist those who want to move on to their final destination.

Thank you for your dedication and leadership in addressing this pressing issue. Please consider this letter of support for Item #30. We look forward to seeing this crucial initiative move forward for the benefit of our community and the entire region.

Best regards,

A handwritten signature in blue ink that reads 'Steve Goble'.
