Please do not extend term limits for County Supervisors. Two terms is enough to do what is needed and then allow us to have new ideas and fresh faces representing us.

Term limits were imposed by the voters of San Diego and no three people who have done little to improve San Diego have a right to even suggest term limits! Let them get a job like regular people rather than feeding at the public trough.

I oppose extending Supervisor term limits. It's been voted on before and should not be reconsidered simply because 3 of the current Supervisors think it should be.

Dear Clerk for the San Diego Board of Supervisors,

I am firmly opposed to extending the term limit from 2 to 3 for the Board of Supervisors. The people of San Diego voted for a 2 term limit for a very important purpose. Term limits encourage fresh ideas and prevents waste, fraud and abuse. There are many ways for these people to be of service, I believe they should continuously look for alternative ways to do so.

Sincerely,
James Goodjohn

NO WAY!!!!!! 2 terms only. More than do terms is why there is so much corruption in the federal gov.

Hello,

My name is Constance A. Biewer and I am an Independent registered voter in San Diego County. I have sent in an emailed message once before regarding the upcoming measure being proposed by the Board of Supervisors. It is wrong to try to get three four-year terms and it is wrong to allow each supervisor to appoint an "independent" auditor.

The law was changed in 2010 by approval of the majority of voters in San Diego County to limit each supervisor to two 4-year terms. This little bombshell is hidden/included in a measure which touts ethics and accountability. It is wrong--whether it is touted by a Republican- or Democratic-led Board. It has little to do with ethics or accountability and everything to do with a power-grab. My response is: NO WAY!

The second point is that there is no independence when you are beholden to your appointor for your job. If you want ethics, accountability and independence then they should not be beholden to you for their appointment and livelihood. I say this as a former CPA. My response to this is: NO WAY!

I hope there is still time for you to change this in the November measure you are putting forward to voters. I will do my best to defeat it as it currently stands.

Sincerely yours,

Constance A. Biewer

Your actions are appalling. Do not extend your own term limits.

Dear Clerk,

I oppose increasing term limits for county supervisors— this was resolved years ago and should rest in peace.

Tell current members to step away from the trough.

Thank you.
