BOARD POLICIES APPLICABLE:
Board Policy B-29 Fees, Grants, Revenue Contracts - Department Responsibility for Cost Recovery

BOARD POLICY STATEMENTS:
A waiver of Board Policy B-29 is being requested because the revenues described above do not fully offset the costs for county-wide TB prevention and control services. The benefits of providing these services far outweigh the unrecovered costs as treatment and prevention of TB are core functions and critical to protect the public's health. These services are available to all San Diego County residents with TB, regardless of insurance status, which ensures anyone can seek care for TB and linkage to medical care. Without county-wide TB treatment and control services, untreated TB and other communicable diseases would more easily spread throughout San Diego county.
