Hi Supervisors,

Nora - you called for transparency at SANDAG. The revenue agreement should be attached in the agenda documents so that the public can examine it without doing a lot of research. And then on a contract issue like this, the public should have an opportunity to see it and discuss it fully, not for a fraction of a minute.

The Board Letter cites "a large volume of calls in East Otay Mesa" presumably meaning the jail. The Sheriff has in the past used excessive force on prisoners and vice versa I'm sure. I wonder if additional money could be saved by reducing the excessive force apparently used routinely and in an uncontrolled fashion.

For example, the excessive force used on Audra for political protest at this Board, where certain documents and witnesses are withheld from even the victim.

Regards,

Paul Henkin
