SAN DIEGO COUNTY BOARDS, COMMISSIONS, AND COMMITTEES VACANCY AND TERM EXPIRATION REPORT

To: 07/31/2025

Legend

The Boards, Commissions, and Committees Vacancy Report is prepared monthly by the Clerk of the Board of Supervisors Office.

The report is placed on the Communications Received (CR) docket and is posted at the south entrance of the County Administration Center, outside Room 310 and is available for review by the public in Room 402. It is also accessible through the County Internet Site at:

<http://www.sandiegocob.com>

Date:	Date at the bottom left-hand corner is the report run date. The vacancy report is current up to the date shown.
Nominated By:	Group or persons(s) responsible for the nomination.
Committee:	Committee with the vacancy or expiring term.
Member Name:	Committee member whose term has expired. If a name appears, the appointee will occupy the position until a reappointment or replacement is made.
Term:	Length of term.
Expiration:	Date committee member's term expires. When appointment and expiration dates compute to less than the stated term for the position, the member is filling an unexpired vacated position.
Requirement:	Necessary conditions that must be met before appointment.
Decision Making Boards:	Candidates for membership to these groups may be required to provide evidence of qualification.

Membership requirements for all boards, commissions, or committees may be accessed at: <http://www.sandiegocob.com> or obtained by calling 619-531-5600.

The Roster, Fact Sheets, and Database are available for public and staff review in Room 402, Public Services Section, Clerk of the Board of Supervisors Office.

Completed application forms are also on file with the Clerk of the Board of Supervisors Office.

Dear Carlos,

This letter is to confirm that the Clerk of the Board of Supervisors has received your Legislative Advocate (Lobbyist) Registration form for the County of San Diego.

You have been assigned Lobbyist Registration Number: **1326**

Please include this number on all your future correspondence with the Clerk of the Board of Supervisors.

Additionally, enclosed are the following items for your convenience:

- A list of County officers and employees, as shown in Section 23.102 of the County Code.
- Quarterly Disclosure Statement forms (which you may reproduce):
Form LO4 is for your use and Form LO5 is for your clients' use.

Quarterly Disclosure Statement Forms are to be filed between the 1st and 15th day of January, April, July and October for the preceding calendar quarter, only if you or your client have made an expenditure of \$25 or more on any one occasion or have expended in the aggregate a total of \$100 or more in any one quarter.

Please **DO NOT FILE** IF NO EXPENDITURES HAVE BEEN MADE IN THE PRECEDING QUARTER, per County Code Section 23.106 (b).

When you file these forms, please be sure to place your registration number in the space provided on the upper right corner of the form.

If you have any questions, please call our department at (619) 531-5601.

Sincerely,

Gliceria Magpayo

Jamul - Dulzura

Community Planning Group

P.O. Box 613, Jamul, CA 91935

VACANCY NOTICE

May 30, 2025

This notice is to announce that a vacancy has occurred on the Jamul-Dulzura Community Planning Group (JDCPG) for Seat #9 (as of May 20, 2025) of the 15-member group. The County's BOARD OF SUPERVISORS makes this appointment.

You may refer to the Roster of Boards, Commissions and Committees on the County's website at www.sandiegocounty.gov/cob/ for information about this Committee. Vacancies for the JDCPG are filled in compliance with Policy I-1 of the Board of Supervisors. The JDCPG may make a recommendation to the Board of Supervisors, who can then appoint the interested, qualified community member.

Those wishing to apply to become a member of the JDCPG are requested to inform the group's Chairperson (Lisa Hodgson, 619-248-9798, jdcpgchairman@gmail.com) of their desire to serve. They shall then present themselves in person to the group at a JDCPG meeting to inform the group in a five-minute presentation of their credentials and their desire to serve.

Community Planning Group applicants must reside in the Planning Group area to be eligible for appointment to the group. Candidates must provide a completed [application](https://sandiegocounty.primegov.com/Portal/NewForm/1?committeeId=198) (<https://sandiegocounty.primegov.com/Portal/NewForm/1?committeeId=198>), be at least 18 years of age, be registered to vote in the area they wish to represent, and disclose any financial interest in real estate or business in the JDCPG area other than their home. The Standing Rules as they presently exist will be observed in these procedures.

MISSION STATEMENT

"The mission of the Jamul-Dulzura Community Planning Group is to represent the best interests of the communities of Jamul and Dulzura while adhering to County of San Diego, California Board of Supervisors Policy I-1."

PURPOSE STATEMENT

The purpose of the Jamul-Dulzura Community Planning Group is:

- *To provide a public forum where local citizens can learn about issues of importance to them and their community and provide input.*
 - *To carefully consider all input when advising the county on such issues as planning, land use, discretionary projects, and community and sub-regional plans. APPROVED 5/12/2020.*

STATEMENT OF ECONOMIC INTERESTS 2024-2025 ANNUAL FILING REPORT

The Political Reform Act requires state and local government officials and designated employees to annually disclose their personal assets and income in the form of a Statement of Economic Interest (Form 700). The Clerk of the Board of Supervisors, on behalf of the Board of Supervisors, serves as the Local Filing Officer for the County of San Diego. Fair Political Practices Commission (FPPC) regulations require that Agency Officials coordinate the completion of the Statement of Economic Interest (Form 700) for each of their designated filers.

For the 2024-2025 filing period, the Clerk of the Board implemented a new electronic filing system, **eFile**. This new system was designed to enhance the user experience across multiple devices, including tablets and smartphones. Filers also had access to a mobile gift tracker app, allowing them to log gifts throughout the year and easily export the information for inclusion in their Form 700.

We identified a total of 286 local agencies in the County, referred to as Agency Officials, whose staff were required to file a Form 700. In December 2024, Agency Officials were asked to update their contact information and review their designated filers to ensure all records were accurate before filing notifications were distributed. To support the transition to the new system and as part of our outreach efforts, we partnered with the vendor, Pasadena Consulting Group, LLC, to provide several training sessions for Filers and Filing Officials. These sessions were held on December 13 and 19, 2024, and January 15 and 22, 2025, which included live demonstrations of the new system, overview of the Conflict of Interest Codes and the filing process.

The purpose of this memo is to provide a summary of the Form 700 filing process for the 2024-2025 filing period. The Clerk of the Board of Supervisors received a total of 4,559 Form 700s. Through extensive outreach efforts, 99% of filers submitted their forms electronically.

The Clerk of the Board took several proactive steps to ensure timely Form 700 submissions. On January 13, 2025, the initial notification for the 2024-2025 annual filing season was sent to County departments, local agencies, and filers. The notification outlined the filing deadline of April 1, 2025. To encourage compliance, weekly reminder notices were issued to non-filers on March 1, March 8, March 15 and March 21, 2025. Beginning March 24, daily reminder notices were sent until April 1, 2025 encouraging immediate action to avoid potential late penalties. Following the deadline on April 1, 2025, overdue notices continued to be sent. On April 15, 2025, reminder notices were sent via certified mail to 176 non-filers directing them to file immediately.

Throughout the filing season, Clerk of the Board staff conducted individual outreach through phone calls and email reminders to both non-filers and Agency Officials, reinforcing the importance of compliance.

The following attachments serve as a report of the 2024-2025 Annual Form 700 filings:

- **Attachment 1** is a list of filers specified in Government Code Section 87200, whose statements were electronically submitted through the Fair Political Practices Commission (FPPC) system, in accordance with recent legal requirements.
- **Attachment 2** is a list of 4,559 Statements received, in accordance with the Political Reform Act, filed with this office for the 2024-2025 Statement of Economic Interest (Form 700) filing period, sorted by Agency Name. (Due to the large size of this attachment, it is on file in the Clerk of the Board of Supervisors Department.)
- **Attachment 3** is a list of 51 individuals, sorted by Agency Name, who were required to file an Annual Form 700, but have not submitted their form to this office as of the date of this memo. These individuals are being referred to the District Attorney and the FPPC for non-compliance.
- **Attachment 4** is a list of 12 individuals, sorted by Agency Name, who were required to file an Assuming Form 700, but have not submitted their form as of the date of this memo. These individuals are being referred to the District Attorney and the FPPC for non-compliance.
- **Attachment 5** is a list of 39 individuals, sorted by Agency Name, who were required to file a Leaving Form 700, but have not submitted their form to this office as of the date of this memo. These individuals are being referred to the District Attorney and the FPPC for non-compliance.

Please let me know if you have any questions or would like us to take any further action.

Respectfully,

ANDREW POTTER

REFERRALS OF 2024-2025 STATEMENT OF ECONOMIC INTERESTS NON-FILERS

The Political Reform Act requires state, local government officials, and designated employees to annually disclose their personal assets and income in the form of a Statement of Economic Interest (Form 700). The Clerk of the Board of Supervisors, on behalf of the Board of Supervisors, serves as the Local Filing Officer for the County of San Diego. The regulations of the Fair Political Practices Commission (FPPC) require Agency Officials to coordinate the completion of Form 700 for each of their designated filers.

This year, the Clerk of the Board received Form 700 statements as required under the Political Reform Act, including annual, assuming office, and leaving office filings. Of the approximately 4,661 statements required, 102 remain outstanding.

The Clerk of the Board implemented the following processes to assist local agencies and individual filers in complying with their obligation to file the necessary Form 700:

- December 2024: Agency Officials were asked to update their contact information and review their designated filers to ensure records were accurate prior to the distribution of filing notifications.
- January 13, 2025: Annual filing notifications were emailed to all County departments, local agencies, and individual filers.
- March 1, 8, 15 and 21, 2025: Weekly reminder notices were sent to all outstanding non-filers, reminding them of the April 1, 2025 filing deadline.
- March 24, 2025 - April 1, 2025: Daily reminder notices were sent to non-filers in the final days leading up to the deadline.
- After April 1, 2025: Ongoing overdue notices were sent to individuals who had not yet filed.
- April 15, 2025: Certified mail notices were sent to all remaining non-filers directing immediate action.

Referrals of 2024-2025 Statement of Economic Interests Non-Filers

Page 2

- Throughout the filing season, Clerk of the Board staff conducted individual outreach through phone calls and email reminders to both non-filers and Agency Officials, reinforcing the importance of compliance.

The non-filers are now being referred to you for any action you deem appropriate. Additionally, our office will submit referrals to the FPPC Enforcement Division through their Electronic Complaint System.

Should you have questions or require additional information, please contact me or Disclosure Services Program Manager Gliceria Magpayo at (619) 531-5616.

Thank you for your assistance with this matter.

Respectfully,

New Solid Waste Facility Permit**

County of San Diego Board of Supervisors
1600 Pacific Highway, Suite 335
San Diego, CA 92101

Dear Resident,

PUBLIC NOTICE IS HEREBY GIVEN in compliance with Title 27 of the California Code of Regulations (27CCR), Section 21660.3 that the County of San Diego, Department of Environmental Health and Quality, Solid Waste Local Enforcement Agency (LEA) received an application package for a new Solid Waste Facility Permit for Otay Material Recovery Facility (SWIS# 37-AA-1003) on April 18, 2025. The application package was accepted as complete and correct per 27CCR Section 21650 on May 16, 2025.

Project Description: Otay Material Recovery Facility is a proposed large volume transfer/processing facility located on the Otay Landfill operating under a Solid Waste Facility Permit that is independent and separate from the Otay Landfill Solid Waste Facility Permit. The transfer/processing facility will accept the following materials for processing: commingled source separated recyclable materials, construction and demolition materials, bulky items, and ferrous metals. The proposed project can accept a maximum daily tonnage of 900 tons per day. The proposed project does not generate a new waste stream, as it diverts suitable commingled source-separated recyclable material and construction and demolition materials that would have otherwise been disposed of into the landfill. The days and hours of operation will include Monday through Saturday from 6:00 AM to 5:00 PM.

Purpose of the Meeting: The LEA is required to conduct a public informational meeting pursuant to 27CCR Section 21660.2 to provide information to the public and receive comments on the LEA's proposed action to issue a new Solid Waste Facility Permit (SWFP). This informational meeting is to inform the public about the proposed large volume transfer/processing facility and to allow the public to provide comments, if any, to the LEA regarding the proposed permit action. After the meeting, a proposed Solid Waste Facility Permit, along with the application package and comments from this meeting will be submitted to the California Department of Resources Recycling and Recovery (CalRecycle) for their public meeting and concurrence decision.

The decision to issue or deny the new Solid Waste Facility Permit must be made by the LEA within 120 days of the date the application was deemed complete and correct and after concurrence from CalRecycle. The LEA's preliminary determination finds that the proposed project is anticipated to be consistent and would comply with the California Environmental Quality Act documents and State Minimum Standards.

Availability of Additional Information: A copy of the permit application package is available for public review by appointment at the Department of Environmental Health and Quality's office located at 5500 Overland Drive, Suite 110, San Diego, CA 92123. Please call (619) 318-0535 or email at Juliet.BuchTran@sdcounty.ca.gov to make an appointment.

Options for Submitting Comments: If you have any questions after reviewing the above information or would like to comment on the proposed permit action, you may do so at the meeting or send your written comments to LEA contact, Juliet Buch-Tran, Senior Environmental Health Specialist, by email at Juliet.BuchTran@sdcounty.ca.gov, US mail to 5500 Overland Drive, Suite 110, San Diego, CA 92123, or phone at (619) 318-0535 by June 15, 2025.

Appeals Process Information: For information on the appeals process pursuant to Public Resource Code §44307 after the decision to issue or deny the new permit, you may contact Catherine Dean, LEA Supervisor, at Catherine.Dean@sdcounty.ca.gov or by phone at (619) 204-0702.

Descripción del Proyecto: La Planta de Recuperación de Materiales de Otay es una planta de transferencia y procesamiento de gran volumen ubicada en el Relleno Sanitario de Otay. Opera con un Permiso de Residuos Sólidos independiente del Permiso de Residuos Sólidos del Relleno Sanitario de Otay. La planta aceptará los siguientes materiales: materiales reciclables mezclados y separados en origen, materiales de construcción y demolición, artículos voluminosos y metales ferrosos. El proyecto propuesto puede aceptar un tonelaje diario máximo de 900 toneladas. El proyecto propuesto no genera un nuevo flujo de residuos, ya que desvía materiales reciclables mezclados y separados en origen, así como materiales de construcción y demolición, que de otro modo se habrían dispuesto relleno sanitario. El horario de operación será de lunes a sábado, de 6:00 a. m. a 5:00 p. m.

Propósito de la Reunión: Se requiere que la LEA lleve a cabo una reunión pública informativa en conformidad con la Sección 21660.2 de 27CCR para proporcionar información al público y recibir comentarios sobre la acción propuesta de la LEA para emitir un nuevo permiso de instalación de desechos sólidos (SWFP). Esta reunión informativa tiene como objetivo informar al público sobre la propuesta de planta de transferencia/procesamiento de gran volumen y permitir que el público presente sus comentarios, si los hubiera, a la LEA sobre la medida propuesta para el permiso. Tras la reunión, se presentará al Departamento de Reciclaje y Recuperación de Recursos de California (CalRecycle) una propuesta de Permiso para Planta de Residuos Sólidos, junto con el paquete de solicitud y los comentarios de esta reunión, para su reunión pública y decisión de conformidad.

La decisión de emitir o no el nuevo Permiso para Instalación de Residuos Sólidos debe ser tomada por la LEA dentro de los 120 días siguientes a la fecha en que la solicitud se consideró completa y correcta, y tras la aprobación de CalRecycle. La determinación preliminar de la LEA determina que se prevé que el proyecto propuesto sea coherente y cumpla con los documentos de la Ley de Calidad Ambiental de California y las Normas Mínimas Estatales.

Disponibilidad de información adicional: Una copia del paquete de solicitud de permiso está disponible para revisión pública con cita previa en la oficina del Departamento de Salud y Calidad Ambiental ubicada en 5500 Overland Drive, Suite 110, San Diego, CA 92123. Llame al (619) 318-0535 o envíe un correo electrónico a Juliet.BuchTran@sdcounty.ca.gov para programar una cita.

Opciones para enviar comentarios: Si tiene alguna pregunta después de revisar la información anterior o desea comentar sobre la acción de permiso propuesta, puede hacerlo en la reunión o enviar sus comentarios por escrito al contacto de LEA, Juliet Buch-Tran, especialista sénior en salud ambiental, por correo electrónico a Juliet.BuchTran@sdcounty.ca.gov, correo postal a 5500 Overland Drive, Suite 110, San Diego, CA 92123, o por teléfono al (619) 318-0535 antes del 15 de junio de 2025.

Información del proceso de apelaciones: Para obtener información sobre el proceso de apelación en conformidad con el Código de Recursos Públicos § 44307 después de la decisión de emitir o de negar el permiso revisado, puede comunicarse con Catherine Dean, Supervisora de LEA, en Catherine.Dean@sdcounty.ca.gov o (619) 204-0702.

WORKING FAMILIES ORDINANCE ANNUAL REPORT

Overview

The Working Families Ordinance became effective on April 1, 2022. The Office of Ethics, Compliance, and Labor Standards (OECLS), in collaboration with other County departments, implemented a variety of outreach and education activities to inform and explain the Working Families Ordinance to stakeholders and workers. County staff continue to report annually to the Board of Supervisors on County leases, lease revenue, and outreach/education efforts to stakeholders about the Working Families Ordinance.

Background

On March 1, 2022 (10), the Board of Supervisors (Board) adopted an ordinance amending the County Code of Administrative Ordinances relating to Employment on County Construction Projects and Property, also known as the Working Families Ordinance. This ordinance sets employment standards for County construction projects and construction projects on County-owned land when the construction project is valued over \$1 million or over \$25,000 where all the work is performed by an apprenticeable occupation.

County Construction Projects

For qualifying County projects, contractors are required to: 1) utilize a skilled and trained workforce, 2) provide employees with paid sick leave to cover the employee and family members that accrues at a rate of one hour of paid sick time for every 30 hours worked with a minimum accrual cap of 48 hours per year, and 3) not retaliate or discriminate against an employee who raises concerns about the working conditions.

Construction Projects on County-owned Land

For qualifying projects, lessees of County-owned property that have qualifying construction

projects shall do all of the following: 1) pay no less than prevailing wage, 2) utilize a skilled and trained workforce, 3) ensure that all facilities located on and conditions of County-owned property meet the requirements of any County-enacted ordinances or Board policies regulating workplace conditions, 4) provide employees with paid sick leave to cover the employee and family members and accrue at the same rates noted above, and 5) not retaliate or discriminate against an employee who raises concerns about the working conditions.

This memo outlines the various educational activities County staff undertook to successfully educate the public about the Working Families Ordinance, communicate its relevance to stakeholders, and report on the overall impact on County leases and lease revenue.

Community Engagement

Outreach and education are two of the most effective tools to prevent and reduce violations of workers' rights and to create a culture of labor standards compliance. One of OECLS's framework goals requires OECLS to be a central resource for workers and employers on all matters related to labor law. Based on community engagement, identifying educational needs as well as reviewing other successful models throughout the United States, OECLS is implementing initiatives to create an educational resource hub for workers and employers in San Diego County. OECLS has engaged with numerous community-based stakeholders and ensured that our efforts were aimed at both workers and businesses.

With the implementation of our resource hub, OECLS built an interactive website that features a page dedicated to the Working Families Ordinance, including a Working Families Ordinance Implementation Webinar in both English and Spanish. In addition to other resources available on the website like our Data Dashboards and informative posters detailing federal, state and local laws pertaining to labor standards compliance, OECLS also designed a one-page FAQ illustrated flyer with basic information available in nine languages.

Besides offering online resources, OECLS consistently organized community engagement events to provide detailed information and address questions about the Working Families Ordinance. During the 2024-2025 reporting period, OECLS hosted 73 outreach events, educating over 3,250 attendees about the ordinance and its implications. In addition to the outreach events, OECLS met with airport lessees to inform them of the Ordinance, any impacts they face, and directly answer their questions.

Annual Reporting

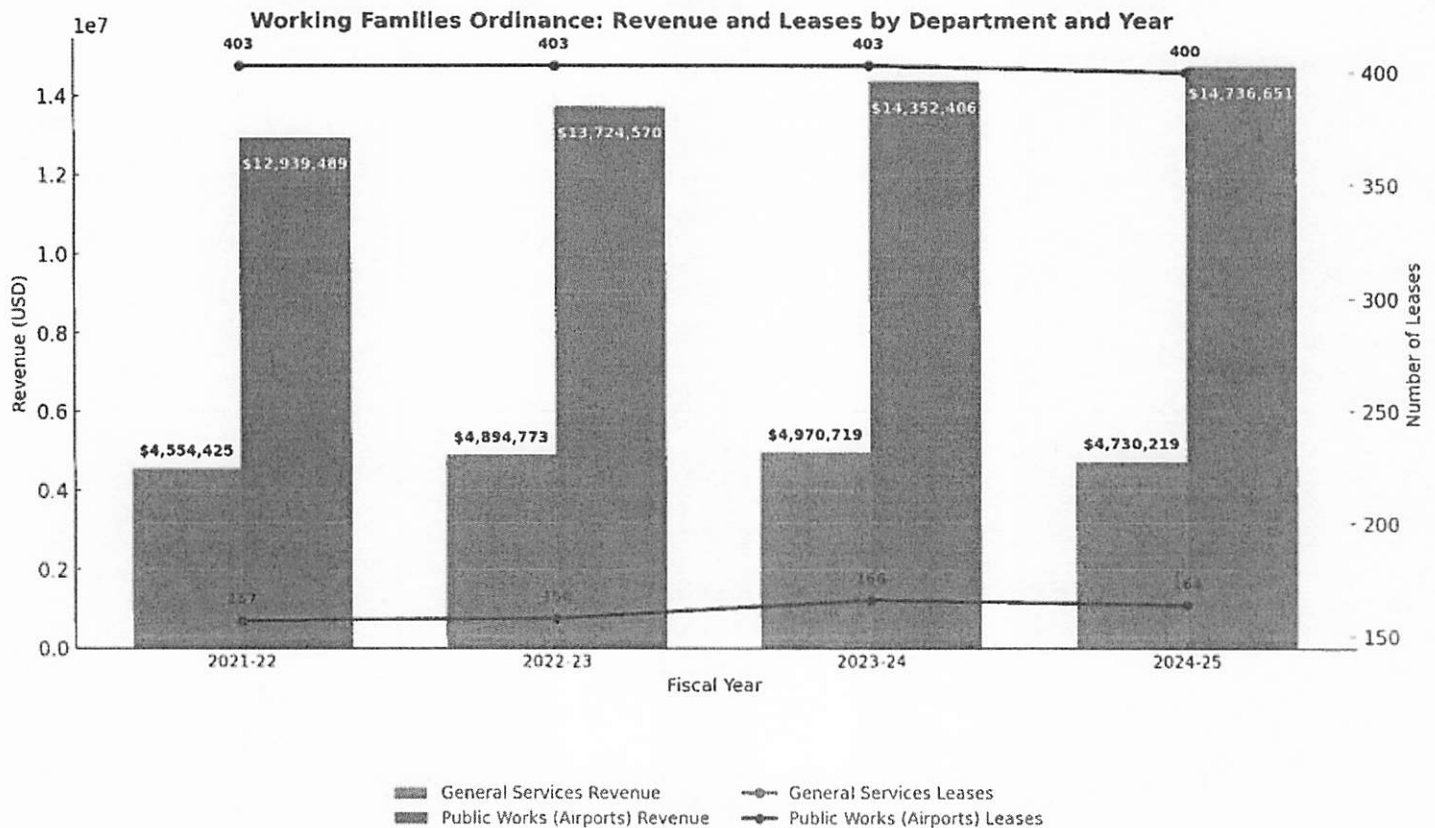

In the County staff's first annual report, a baseline was set for the number of leases and the amount of lease revenue received by the County. A 36-month snapshot of the number of leases and associated lease revenue is shown in Table 1, below. The original purpose of annually reporting on the Working Families Ordinance was to closely monitor whether its implementation would negatively impact County lease agreements or revenue. After three years of consistent data showing no such impact, the County will transition from annual to three-year reporting on the Working Families Ordinance moving forward. This change will allow for a more comprehensive analysis of long-term trends, reduce administrative burden, and align reporting with broader planning and policy cycles. The County remains committed to transparency and will continue to monitor and evaluate program performance internally on an ongoing basis.

Working Families Ordinance Annual Report
June 30, 2025

This year, from April 1, 2024, through and including March 31, 2025, the number of leases decreased by five and the amount of lease revenue increased by \$143,745, totaling \$19,466,870. The change in revenue is attributable to annual rent increases, which are included in County leases to keep pace with market rates.

The third year of implementation of the Working Families Ordinance has not resulted in any identifiable trends of lessees ending their leases with the County; staff will continue to monitor the lease portfolio as more leases come due for renewal. Currently, there is no indication that the implementation of the Working Families Ordinance has negatively impacted lessees to a degree that they find it necessary to relocate to non-County locations that are not subject to the Working Families Ordinance. Additionally, to date, OECLS has not received any complaints from employees related to a violation of the Working Families Ordinance.

QUARTERLY UPDATE ON MEDICAL EXAMINER TIMEFRAMES

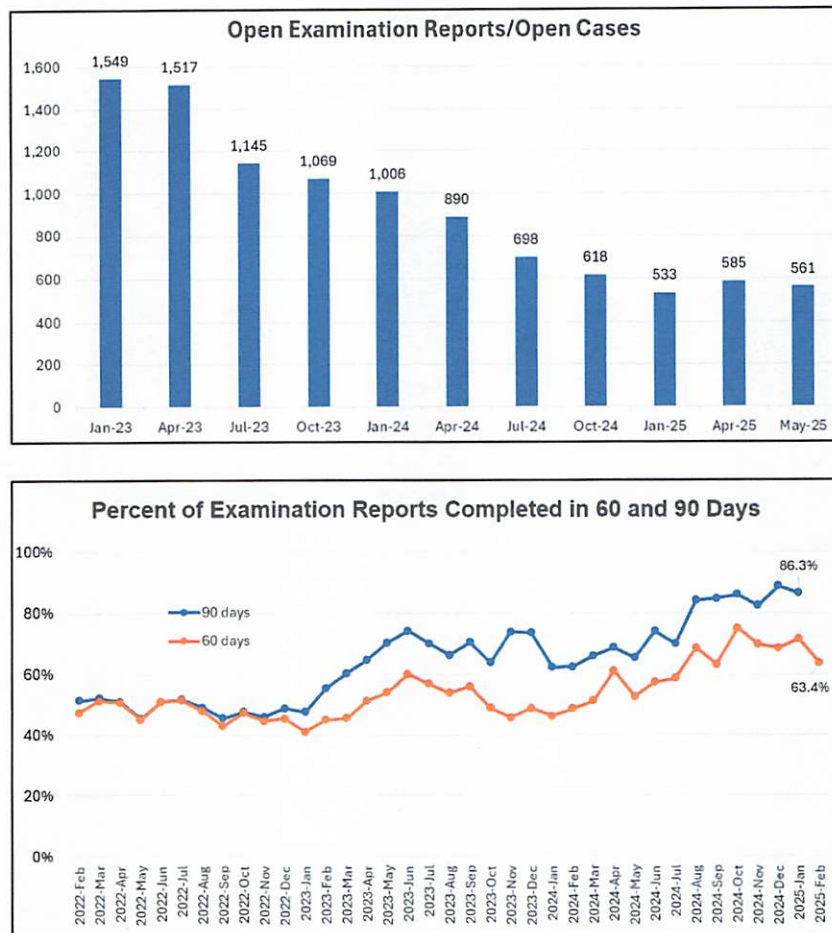

On April 30, 2024 (22), the Board of Supervisors directed the Chief Administrative Officer to provide quarterly progress reports on the amount of time it takes for people to receive causes of death from the Department of the Medical Examiner. This is the fourth quarterly report.

OVERVIEW

- There continues to be no toxicology testing backlog. The laboratory is currently completing 97% of reports in 90 days or less and 83% of reports in 60 days or less.
- The number of open examination reports has continued to decline and now consistently falls within a reasonable range of the departmental 550-case goal, reflecting expected monthly caseload fluctuations. Recent figures range from a low of 533 to a current total of 561. The department also achieved an 86% report completion rate within 90 days for January 2025 cases, demonstrating steady progress toward the 90% goal.
- The rate of fulfilling requests for reports has remained relatively stable, at seven days on average, and the department is now surpassing its goal of fulfilling 90% of requests within seven days or less.
- Please note that due to the point in time nature of the statistics provided in this memorandum, some results may not align with the Fiscal Year 2024-25 performance measures reflected in the recently released *CAO Recommended Operational Plan Fiscal Years 2025-26 & 2026-27* as those measures are based on an analysis of calendar year data, and the most improvement started to occur in the latter part of calendar year 2024.

A. Examination Report Progress

The previous quarterly report included data through January 2025, at which time there were 533 open examination reports. As of May, that number stands at 561. This places the department within an acceptable range of its goal of 550 open cases—a level expected to fluctuate slightly based on monthly caseloads, which have averaged 330 new cases per month this year. The 550-case target was established as a manageable level given increased caseload. The department continues to make steady progress toward its goal of completing 90% of examination reports within 90 days, achieving an 86% completion rate for reports from January 2025. Notably, the department also improved its quarterly completion rate throughout calendar year 2024, reflecting sustained operational improvements.

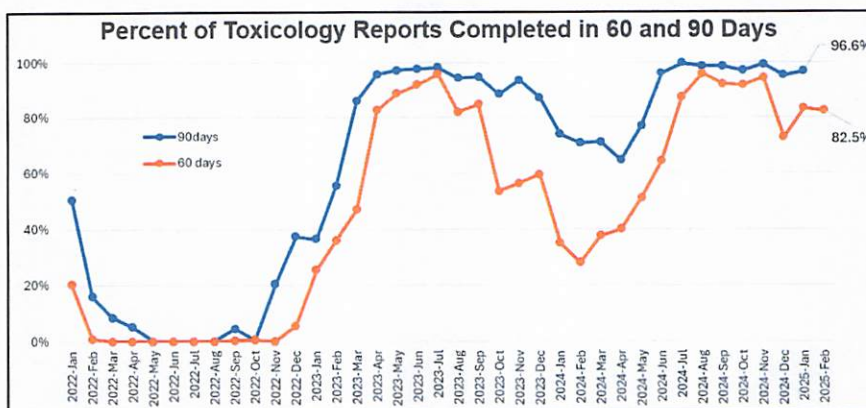

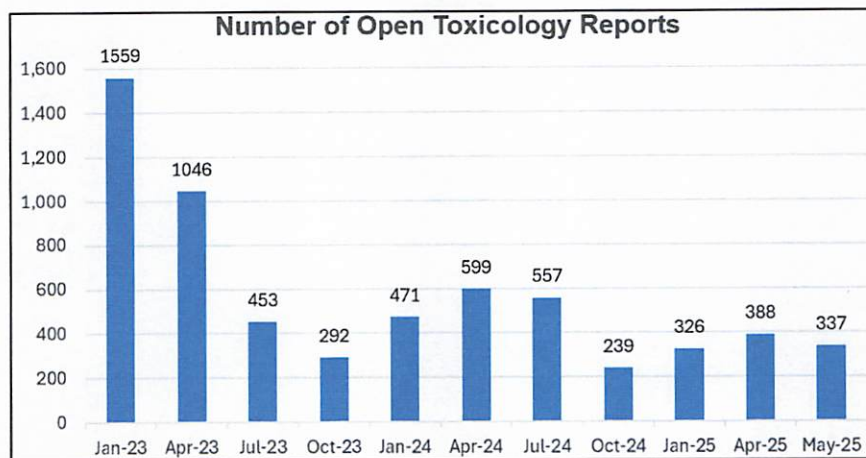

The department's accreditation body, the National Association of Medical Examiners (NAME), sets a goal of completion of 90% of reports in 90 days and a more stringent goal of 90% in 60 days. Either level is sufficient for accreditation. Data points can be determined 60 and 90 days after the end of a given month.

B. Toxicology Report Progress

At the height of the backlog, performance had dropped to 0% for both the 90-day and 60-day benchmarks. The laboratory has consistently issued more than 90% of reports within 90 days since June 2024, exceeding the National Association of Medical Examiners' accreditation standard. During this same period, the department issued between 64% and 96% of reports within 60 days. This fluctuation is largely due to

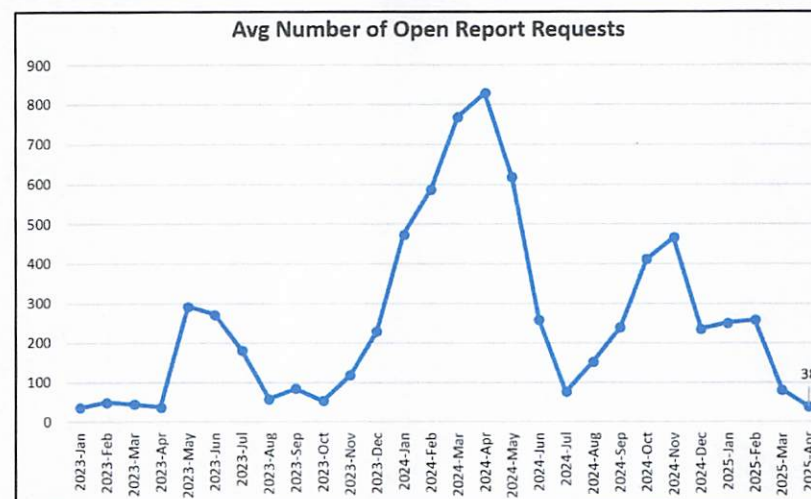

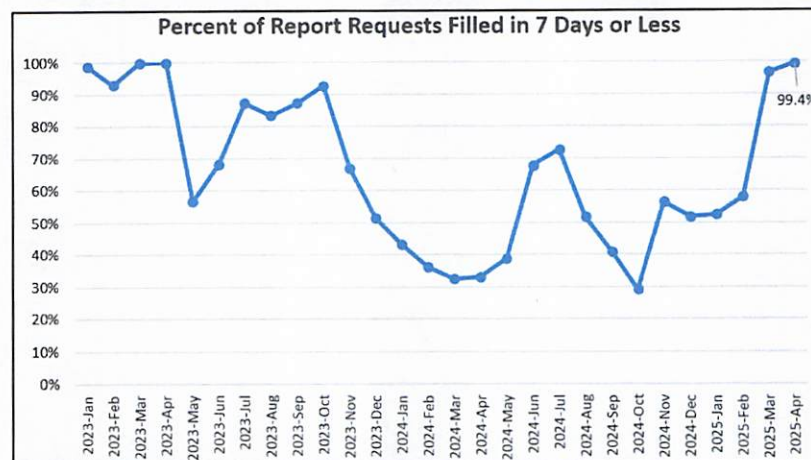

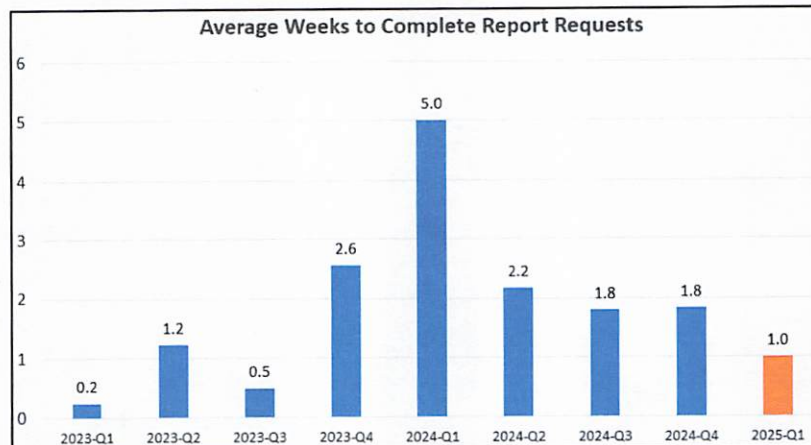

month-to-month shifts in caseload volume requiring toxicology. The laboratory has also maintained the number of open toxicology reports at an acceptable level.

The department's accreditation body, the National Association of Medical Examiners (NAME), sets a goal of completion of 90% of toxicology reports in 90 days and a more stringent goal of 90% in 60 days. Either level is sufficient for accreditation.

C. Report Requests Progress

As the department worked to reduce the backlog and close cases, requests for reports from families, attorneys, media, researchers, and others also surged dramatically, increasing by 65% over the past five years, with more than 10,000 requests for reports in 2023. Before a request for reports can be fulfilled, each report must be redacted of information to comply with State privacy requirements, a process that takes 20 to 30 minutes for each report. The average number of weeks to complete a report request has remained relatively stable since Q2 2024. In March and April of 2025, the department exceeded its goal by fulfilling more than 90% of report requests within seven days. As a result, the number of pending report requests has dropped to acceptable levels.

The time necessary to complete a request for case reports began to rise at the end of 2023 and peaked in the first quarter of 2024. The average time necessary has reduced to one week. In March and April, the department has met its goal of completing 90% or more of report requests within seven days. Accordingly, the number of pending report requests has reduced to acceptable levels.

The Medical Examiner remains committed to providing high quality, timely reports and death data to families, the Justice System partners, and other stakeholders. The strategies implemented over the past year have produced very positive results, largely stabilized operations, and will continue to support ongoing improvements while ensuring close monitoring of any workload or operational changes that could affect performance.

**UPDATE REGARDING DATA RELATED TO TRANSFERS AND NOTIFICATIONS TO
FEDERAL IMMIGRATION AUTHORITIES AND ADMINISTERING BOARD POLICY L-2**

On December 10, 2024 (29), the Board of Supervisors (Board) directed the Chief Administrative Officer to report back within 180 days on data related to any transfers or notifications during the past year to federal immigration authorities and to provide recommendations on how Board Policy L-2 could be effectively administered. The policy landscape surrounding Board Policy L-2 has seen significant change since its original passing and continues to shift rapidly. County of San Diego (County) staff will continue to monitor changes in federal and state law and policy.

Data Related to Transfers and Notifications

In compliance with requirements outlined in Government Code section 7284.6, the Sheriff's Office annually submits data on their Immigration and Customs Enforcement (ICE) transfers and interviews. Their 2024 report was formally submitted to the State Department of Justice in January 2025 and is posted on the Sheriff's Office public website. Data included in this report was also shared publicly during the annual Transparent Review of Unjust Transfers and Holds (TRUTH) Act Community Forum, which was held on April 22, 2025 (14).

The TRUTH Act requires the governing body of a county to hold a community forum if a department within that county has provided ICE with access to an individual during the previous year. All County of San Diego Departments (County Departments) were asked if they provided ICE with access to an individual for purposes of civil immigration enforcement in 2024. The only County department to report any access to individuals was the Sheriff's Office.

Key findings from Sheriff's Office Reporting for 2024

- **Interviews:** There was one "Declined" interview request that was inadvertently entered in the system. The database does not have a mechanism to delete this entry error, so it appeared when the year-end report was generated. However, no actual interviews were requested, declined or took place.

- **Notification Requests:** There were a total of 1,236 ICE Release Notification requests. Of these requests, 202 were rejected as the individual did not meet the necessary criteria. 1,034 requests were screened and determined to have qualifying charges, therefore the request for notification was accepted.
- **Transfers:** There were 30 transfers of individuals to ICE. Of the 30 individuals, 11 were transferred due to federal judicial warrant placed against them, 6 were transferred as a result of qualifying charge followed by a judicial warrant, and 13 were determined to have a qualifying offense.

Recommendations to Implement Board Policy L-2

San Diego County Board of Supervisors Board Policy L-2 states that County officials and employees shall not provide assistance or cooperation to federal immigration authorities, including but not limited to ICE, in its civil immigration enforcement efforts or activities. This Policy does not prohibit assistance or cooperation as required by federal law. County departments may exercise discretion to facilitate the transfer of an adult incarcerated individual to the custody of federal immigration authorities, including but not limited to ICE, if a federal immigration agent presents a valid arrest warrant signed by a federal or state judicial officer, or other signed writ or order from a federal or state judicial officer authorizing ICE's arrest of the inmate.

To support the implementation of Board Policy L-2, staff from the Public Safety Group Executive Office, in collaboration with County Counsel, has identified a series of actions to ensure consistent communication and engagement with County departments.

These actions include:

1. Board Policy L-2 will be distributed to all County Departments annually as a refresher for staff on the policy's content and requirements.
2. County Counsel will offer training to educate departments on key provisions of Board Policy L-2 to provide context on how the Policy may apply to their specific operations.
3. County Departments will be polled annually to report whether they have provided assistance or cooperation to federal immigration authorities, including but not limited to ICE, in connection with civil immigration enforcement efforts. This process will promote transparency and clarify which departments are communicating with immigration authorities and in what capacity.

Initial policy distribution, training offer, and department polling will be completed by June 30, 2025. Actions will be repeated annually and on an as needed basis.

If you have any questions regarding compliance with Board Policy L-2, contact your County Counsel representative.

Should you have any questions regarding this matter, please do not hesitate to reach out to me at andrew.strong@sdcounty.ca.gov and 619-531-5526.
