Housing First. invest in communities. Help the less fortunate and create a place our communities can be proud of. Flood victims, the elderly, the poor and the families one tragedy away from losing everything need this resource.

I urge the Board to support this item. East County desperately needs emergency housing. With an 85% increase over the prior year in unsheltered residents in Lemon Grove, the Troy Street location offers Lemon Grove an opportunity to improve its community.

Anyone supporting this is liable for individual lawsuits and busted for bribery!

On behalf of PATH, we would urge the Board to support this item. There is a pressing need to enhance the regional shelter capacity outside of the City of San Diego. With the current dearth of funding, it would be a

mistake to send much needed resources back to the State. Thank you for the continued push towards solutions.

60 sleeping cabins are too many for 1 community to absorb. The Lemon Grove Site/area is saturated/full w/homes for people with various maladies - on Troy St there is a 40 bed VOA mini institution for people with mental illness, countless recovery homes addressing various maladies plus the county is building the Bancroft Safe Parking site within 1 mile of the proposed LG site. County is not considering what is already in the area & will be creating chaos. This is NOT FOR THE PUBLIC GOOD!
