I am grateful for the leadership Supervisor Montgomery-Steppe displayed when verbally attacked someone in our community with such a cruel, racist, and vicious word and string of sentences. She used the opportunity to see the humanity in the person who was trying to dehumanize her and to educate the community. That's incredible leadership and I'm grateful for the way she advocates for the most vulnerable in her district and throughout the County. I'm glad she's my Supervisor!

Most people will agree use of the N-word is repulsive as it was spewed at this meeting on 8/26/2025. But it is no more nor less egregious than insults slung at the public by the women on this board in response to the public speaking in opposition to their agenda items. At that meeting on 8/26/2025: Monica elevated her status to judge public speakers as Immoral because they did not agree with the dipping into the county's reserve funds. Paloma slung the word Racist, in an attempt to denigrate public speakers for the same reason. You may have been elected for this board, however, you have not earned respect. Shame on you for insulting Americans and legal residents residing in this county. Especially those who take time out of their day, including taking the day off of work, to exercise their right to redress their government. This board owes an apology to the public.
