Kuddos to the County of SD banning flavored tobacco products at unincorporated areas in SD County. It is important to have a strong TRL program with a high fee to ensure enforcement to tobacco retailers is in place, tobacco retailers must comply with local and state codes, they should not sale to minors or underage young adults. Thank you!

You already took half my business. Now you want to put more taxes on my shoulders?  
This isn't helping small businesses  
Stop

I oppose the additional fees proposed and believe the City of SD should try and help Small business instead of finding more ways to hurt them and possibly have them shut down.  
This city of San Diego need to focus more on building up small businesses and help out other situations like the homeless situations, Street repair and drugs.

The announcement is too late, which is insufficient disclosure and information for public awareness and thorough review.

The fee is too high, which will further hurt the already suffering neighborhood businesses, job market and local economy.

I am strongly opposed to this fee proposal. Please delay the vote and hear our voice.

If it's not one thing it's another. This is taking advantage of small business owners and a money grab that will do nothing besides line pockets. I oppose this disgraceful act

I am oppose to the large fees proposal. it will hurt my business and cause me to fire employees. The license price of \$1400 each year will kill businesses. why are you doing this? please speak to us before you just decide somehtin like this

Why raise fees so high ? And why tell us only in last minute. Businesses r already dying becuase of the ban. Now, you make the fee over \$1,000. Please hear us and our voice, Do not do this

In less than a year of enforcement, we have seen many businesses shutter their doors and lay off employees.

Now, the County has proposed a TRL fee structure, set to be before the Board of Supervisors in just a few days, which will set out an annual cost of \$1,460, well above the City of San Diego. This high fee to the same stores

struggling to stay afloat.

Also, retailers are just hearing about this now. Stop damaging small businesses.

Marlon Oram, Neighborhood Market Association (President)

I own a store in the unincorporated area and recently saw a 50% decrease in my business because you guys banned flavored tobacco. Now you guys want to add salt to the wound by taxing me? Also, how come I am just hearing about this...how come there has been no stakeholder engagement for anything TRL related?
