I am generally not in favor of increasing taxes. However, this specific item is long overdue, and if we do not get moving on this improvement of our community roads, we will eventually be in dire straits. We cannot wait for deterioration to begin the improvement process. I am in favor of this vote.

No new taxes on part of a community. The board letter says that the attendees at a Community Outreach Event were generally supportive of the idea of a special tax for this community. No indication of how many or what the comments were. No pictures or even descriptions of how bad the road damage is.

I'm willing to have an election for \$2,500 though.

I support the position outlined by Judy Hancock in her 2/26/26 communication to establish a new PRD to serve our community.

Since mid 2024 I have been working with the County to create a new PRD. As the Community Lead, I have sent numerous emails to our neighbors explaining the PRD options, costs, timing, etc. Without exception the community responded they favored this change. The Road Committee has selected the "Special Tax" option as it mirrors our current PRD and the community also favored this option. It is our request that an election be held to establish a new PRD that includes the ability to increase or decrease annual assessments and set rate increases to meet the unique needs of the community of Rancho del Rio.

The County staff has been exceptional in guiding us and answering so many concerns and questions. We are looking forward to moving forward on this viable PRD program that will serve our community long into the future.
