In April of 2024 Amendment under Sec. 15301 "All County of San Diego Airports- Option to amend ALL Aviation Leases to Add up to Five Years to Each Current Term(Districts 2,3,5.) A Rent Freeze. Now 1 yr later the Lease holders want 50 yr leases. This 50 yr lease holders will pay a living wage to its workers under certain conditions. What about the last 50 yrs these leases holders were paying sub standard wages and benefits. They fought the "living wage". El Cajon where Gillespie sits is "Built Out" Helix Water is going broke. No new water meters to pay the bills. All this big money supposedly generated by county airports, stays with the airports. No monies go in the General Fund but yet the public pays for the fire service and first responders that service the airport. Will Gillespie buy their own fire truck to protect pilots, passengers and the "Million Dollar Hanger Homes" The last administration wanted a Aerotropolis. Say NO to a toxic, unsafe Aerotropolis. No on 50yr leases.

A third 50 year lease. A lot can happen in 50 years. People can leave, or land conditions like zoning, wildfire danger, or utility or insurance cost can change dramatically and make the project financially unfeasible, essentially sticking us with an unusable building.
