The AA jets are far too large for Palomar Airport. This contract will take a safe airport and make it unsafe. The runway is too short, the planes wings are too wide, and to land safely, the jet has to come in much faster than the airport is designed for. Additionally, the first flight of the morning leaves at 6:15am, during Palomar's Quiet Hours. Please reject this Ammdement

I support the Fallbrook sub area plan. I have been involved with the meetings form the beginning and have seen the plan evolve into something that is good for the community and will be a huge benefit to Fallbrook. I urge the Board to approve. Thank you.

We don't need these larger jets to land at the Carlsbad airport. This affects the town of Vista and San Marco which are on approach path to the runway. 10pm is a bit late having to deal with the noise. Especially when other airlines open offices and start flying in at all hours. Once one airline gets in the rest will follow. Do not change or rescind F-44 be a good neighbor !

We live in a senior community on the flight path to the airport. It is already too noisy with too much soot exhaust from airplanes over head. We do not want it to become even worse. Please oppose such an expansion.

I strongly oppose allowing a commercial jet the size of an E175 or 737 to use MCCLELLAN - PALOMAR AIRPORT.

Submitted At: 6:13am 12-10-24

Not good idea. I'm a resident of Carlsbad and have been greatly disappointed with the noise and inconsiderate times of flight and flight patterns. I will move away if this passes.

We don't want the American Airlines contract at the Palomar Airport for many reasons including noise. Thank you.

If there are honest board members, I ask that you see what this is doing to us living with these planes, pollution, jet fuel, dumping on tens of thousands of your people now, no less when larger jets come in, and so many humans are affected, especially the handicapped and elderly. but I am an eternal optimist, and will wait and see if you fight for us, and for once not for big business. Big jets have no business flying into this small area, and the other planes need to find a different pathway.

John Ranieri

Submitted At: 7:29pm 12-09-24

I oppose this proposal because it is not in keeping with Carlsbad local needs and the purpose of Palomar airport. Also the noise & air pollution are not worth the benefits to a select few.

Please support the Fallbrook Sub-Area Plan and Adopt Zoning Ordinance Amendments. This growing area is in need of clear standards to ensure a safe and vibrant community. Please also note that the 4 'oppose' comments under this agenda item are actually for Agenda item #10.

Ann Force

Submitted At: 7:54pm 12-08-24

Please vote down this agenda item and oppose allowing larger jets from American Airlines to use the Palomar

Airport. There are several safety concerns that make the use of larger jets dangerous. The airport is safe now, and the larger jets are not appropriate. I am also very concerned about air quality. Wish they could land and take off further east. Thank you.

I categorically oppose any larger jets being allowed to use Palomar Airport in Carlsbad. This will be unsafe, too noisy, violate the noise restrictions and is wholly not necessary. Please deny this agenda item. It is an unwise and unjust backdoor attempt to take any local control from Carlsbad. It's outrageous. Thank you for accepting these comments!

Gerald Lyon

Don't allow large jets to land at the Carlsbad airport.

Ursula Sack

Location: 92084, Vista
Submitted At: 1:38pm 12-07-24

Large jets should not be using Palomar Airport. It was never meant to be a commercial airport. The noise and pollution will be detrimental to the neighborhoods that will be affected.

Carmen Meier

My husband and I both highly support this project. We are originally from Washington State and have seen how multi use projects help to invigorate and support downtown areas. Not only does it help to alleviate the housing crisis, it also brings vibrancy and support to the downtown merchants and businesses and helps keep money in Fallbrook.
