It is clear that ICE and the Border Patrol (BPS) have far exceeded their legal authority and engaged in overly hostile and violent activity. But this proposed ordinance doesn't do the job.

The exceptions in the ordinance (Sec. 967) make it essentially unenforceable. Federal law enforcement agency personnel or out-of-state law enforcement personnel could simply claim it's an inspection under regulatory authority, just as they've lied so often in the past; and saying "In response to an imminent threat to life or public safety pursuant to a narrowly tailored policy adopted by the Chief Administrative Officer" without specifying the policy is so vague that it would not stand up in Court.

Similarly, agents at airports should not be excepted generically (Sec. 970.) I have read that some of these ICE arrests are at airports.

But now that ICE and BPS are under extreme fire for their lies and unconstitutional actions, my inclination is to let them self-implode.

We are a nation of Americans. The progressive agenda is one of hate for America and hate for Americans with the intention of changing the demographic of our country for elitists to have power and control. With the end goal of destroying America.

The Supreme Court has jurisdiction over foreigners only when they are in the country lawfully.

The Constitution does not apply to enemy combatants on American soil, illegal immigrants or to foreigners in their

home countries.

Moreover, deportation is not punishment. Foreigners have no right to appeal their removal to their home countries to American courts. The time to argue their case was in application and then the adherence to the rules of admittance.

These illegal folks are not all asylum-seeking - but all crossed the border illegally. Many have nefarious intent. Many want the freebies.

They won't assimilate into and become part of America. They will not learn our culture and traditions. They will not become Americans.
