How about instead of raising fees you cut costs and spend within your means like all private people and companies do. Search out waste, unnecessary positions, hold the line on wages and bloated benefits, cut services. Cut all departments 5%. Layoffs occur in every business except government, try it you'll like it.

WOW! All fees under 5% increase except for two at 6.7% (only a \$1 increase,) with most of them 3% or under. And only two over 10 bucks. I strongly approve!
