Thank you for continuing this effort. It is quite obvious Liberty Healthcare is not proposing the correct placements for SVPs who are on conditional release. The county must be part of this process. In addition, we do need more transparency. This proposal is another step in the right direction.

THANK YOU Supervisor Anderson & Desmond for your efforts to keep San Diego County Safe from conditionally released Sexually Violent Predators. I support the proposal for the County to follow 6608.5d, designate an agency to work with the Department of State Hospitals & its contractor to ensure they comply with ALL laws and regulations. If in place this would have STOPPED the recent ill proposed placements. Section 6609.1b the agency can propose alternative locations, ie. industrial, prison area.

Thank you for this proposal it is another step in the right direction to support our communities. I am from the Keep RB Safe committee that just fought the placement in Rancho Bernardo. Thank you and we support this proposal.

Thank you Supervisor Anderson and Desmond for all of your support on this issue. Our Mt. Helix neighbors and the group we started, Kid Safe California supports this proposal.
